100w solar panel price Mayotte

Which is better single 200w panel or 2x 100w panels?

At \$110 per top tier 330W panel or \$50 per white label 265W panel, the additional risk of buying a used panel w/out manufacture warranty is still worth considering, especially considering that the seller--who is reputable from what I've heard--offers a 1 year warranty on the panels and a purchasable 5 year upgrade.
