

## European Solar Energy Storage

# 2016 energy storage enterprise ranking

## Overview

---

Every year, the Smart Electric Power Alliance (SEPA) crowns the top U.S. utilities for solar, and with the release of its 10th annual utility market survey, the group has now launched additional rankings for the utilities leading on energy storage.

Every year, the Smart Electric Power Alliance (SEPA) crowns the top U.S. utilities for solar, and with the release of its 10th annual utility market survey, the group has now launched additional rankings for the utilities leading on energy storage.

In June 2016, the White House announced a series of federal and private-sector actions to scale energy storage in the U.S. at the Summit on Scaling Renewable Energy and Storage With Smart Markets.

This brand new yearbook from business intelligence provider visiongain offers the ultimate analysis of the energy storage market.

Get free access to financial stability insights and Altman-Z scores of over 40+ Energy Storage manufacturers to make informed decisions in the energy storage market.

Led by a record-breaking final quarter, energy storage reached 336MWh in 2016, growing 100% in megawatt-hours from 2015's installed capacity, despite staying roughly flat in megawatts with 221MW deployed last year.

## 2016 energy storage enterprise ranking

---

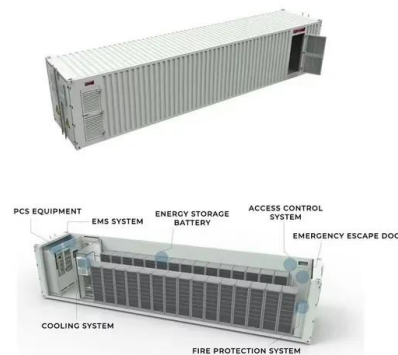

### 2016 Energy Storage Enterprise Ranking

The meeting released 2022 annual global energy storage industry chain data and Chinese energy storage enterprises, Dyness (Daqin new energy) with strength as a global household storage system provider listed among the top 8.

### Top 10: Energy Storage Companies , Energy Magazine

In this week's Top 10, Energy Digital takes a deep dive into energy storage and profile the world's leading companies in this space who are leading the charge towards a more sustainable energy future.

### GTM: US energy storage installations grew 100% in 2016

Led by a record-breaking final quarter, energy storage reached 336MWh in 2016, growing 100% in megawatt-hours from 2015's installed capacity, despite staying roughly flat in megawatts with 221MW deployed last year.

### The Top Utilities Of 2016 For Solar And Energy Storage

Every year, the Smart Electric Power Alliance

(SEPA) crowns the top U.S. utilities for solar, and with the release of its 10th annual utility market survey, the group has now launched additional rankings for the utilities leading on energy storage.

## U.S. Energy Storage Monitor: Q3 2016 Executive Summary

In June 2016, the White House announced a series of federal and private-sector actions to scale energy storage in the U.S. at the Summit on Scaling Renewable Energy and Storage With Smart Markets.

## Energy Storage Enterprise Ranking Edition

Sinovoltaics has released its latest energy storage manufacturers ranking report, based on balance sheet assessments and publicly available financial information.

## Sinovoltaics Energy Storage System Manufacturers ...

Get free access to financial stability insights and Altman-Z scores of over 40+ Energy Storage manufacturers to make informed decisions in the energy storage market.
