

## European Solar Energy Storage

# 2017 china energy storage industry summit

## Overview

---

From April 24 to April 26, 2017, the 7th China International Energy Storage Conference with the theme of "Accelerating the Development of Energy Storage Industry and Promoting Energy Structure Transformation" was grandly held at the Shangri-La Hotel, Suzhou.

From April 24 to April 26, 2017, the 7th China International Energy Storage Conference with the theme of "Accelerating the Development of Energy Storage Industry and Promoting Energy Structure Transformation" was grandly held at the Shangri-La Hotel, Suzhou.

In 2017, China's energy storage industry began to heat up. October marked the release of the first national-level policy on the energy storage industry, and the energy storage market took big steps towards commercialization. Based on long-term industry tracking, CNESA's research department has.

From April 24 to April 26, 2017, the 7th China International Energy Storage Conference with the theme of "Accelerating the Development of Energy Storage Industry and Promoting Energy Structure Transformation" was grandly held at the Shangri-La Hotel, Suzhou. The conference attracted scientific.

CNESA's 6th Annual Energy Storage International Conference & Expo ESIE was held May 22-24, 2017 at the China National Convention Center. Our biggest event to date included 2000+ representatives hailing from 20 countries convening in Beijing for three full days of expo hall activities, conference.

## 2017 china energy storage industry summit

---

### [Energy Storage Expo 2017 \(Beijing\)](#)

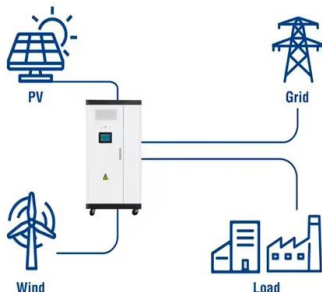

Energy Storage Expo is devoted to storage solutions for renewable energy, from domestic and commercial applications to large-scale storage systems for stabilizing the grids. The spotlight is also shined on topics like energy management, electric transportation and uninterruptible power supply (UPS). Website: [Related Products:](#)

### **CNESA Energy Storage Conference & Expo 2017**

EASE is glad to attend Energy Storage Expo 2017, China's leading conference on energy storage, taking place on 22-24 May 2017 in Beijing, China. With over 170 megawatts of grid-connected storage now operational, China's energy storage market is starting to take off.

#### Utility-Scale ESS solutions

### **ESIE 2017 Wraps Up 6th Successful Year -- China Energy Storage ...**

Expert speakers from the Pacific Northwest National Laboratory, Asia Development Bank, World Energy Council, China's Development Reform Commission, and ABB all presented on the status of energy storage development, policies, and recommendations for implementing Energy Storage technology in the APEC region.

## Energy Storage China (ESC) 2017 (Beijing)

Energy Storage China will be the top-class networking event to synchronize energy storage business in China with a global reach, focusing on applications, solutions and projects for renewable energy integration, power transmission and distribution, smart grid, micro grid, off grid and decentralized energy, cost efficiency and bankability, etc

## 4th Annual China Energy Storage Innovation & Technology Summit CESS 2017

As the one and only high-profile event to cover the whole industry chain of energy storage in China at the end of 2017, CESS2017 will be held in Shenzhen China on 30th Nov-1st Dec, involving all stakeholders in the value chain including 50 expert speakers, 500+ professional attendees.

## 8th China International Energy Storage Station Congress 2017

In order to address the opportunities and challenges faced by China's energy storage industry, the 8th China International Energy Storage Power Station Conference hosted by CDMC (Stock Code: 837621) will be held in Shenzhen, China on May 11th -12th, 2017.

## Nov 30-Dec 1, 2017: 4th Annual China Energy Storage

...

Apricum Senior Advisor Dr. Christoph Flink attended CESS2017 - the 4th Annual China

Energy Storage Innovation & Technology Summit, which took place in Shenzhen from November 30 to December 1, 2017.

## 4th Annual China Energy Storage Innovation & Technology Summit

As the one and only high-profile event to cover the whole industry chain of energy storage in China at the end of 2017, CESS2017 will be held in Shenzhen China on 30th Nov-1st Dec, involving all stakeholders in the value chain including 50 expert speakers, 600+ professional attendees.

- 100KWH/215KWH
- LIQUID/AIR COOLING
- IP54/IP55
- BATTERY 6000 CYCLES

## Enli Energy won two awards at the 7th China International Energy

From April 24 to April 26, 2017, the 7th China International Energy Storage Conference with the theme of "Accelerating the Development of Energy Storage Industry and Promoting Energy Structure Transformation" was grandly held at the Shangri-La Hotel, Suzhou.

## The Ten Events that Defined China's Energy Storage Industry in 2017

In 2017, China's energy storage industry began to heat up. October marked the release of the

first national-level policy on the energy storage industry, and the energy storage market took big steps towards commercialization.
