### [ESIE 2018 Finishes its 7th Year](#)

The 7th Annual Energy Storage International Conference and Expo (ESIE 2018) opening ceremony on April 3 began with a speech by National Energy Administration Vice Director Liu Yafang emphasizing energy storage industry and technology development as key to the energy revolution.

### **The 5th Annual China Energy Storage Innovation & Technology Summit 2018**

Based on successful completion of the previous four summits, the 5th Annual China Energy Storage Innovation & Technology Summit (CESS2018) has become a symbolic well-known event of energy storage industry in the second half of each year.

### **Research on energy storage system participating in**

This paper reports a review of the energy storage system participating in frequency regulation, including frequency regulation market and energy storage technology.

Our LifePo4 batteries can be connected in parallels and in series for larger capacity and voltage.
