Welcome to the 6th Shenzhen International Battery Technology Exhibition 2022 (hereinafter referred to as "Shenzhen battery technology exhibition" ibte), which is the leading professional lithium battery technology exhibition in China, focusing on lithium battery equipment, lithium battery materials.

Trade fair and conference organizers are invited to send us all relevant information about their events to be included: Editorial staff

2022 energy storage lithium battery exhibition

2022 China (Shanghai) Lithium Battery and Energy Storage ...

With the continuous improvement of electricity marketization, a great opportunity has been created for opening the potential market of energy storage, expanding the business model of energy storage, and tapping the application value of energy storage.

Show Review , Hoenergy debuted at the 2022 International Lithium

This exhibition Hoenergy brought a variety of energy storage products to the unveiling, comprehensive display of the latest achievements in product research and development, core technology, solutions, etc., to provide a broader idea for the future development of the energy storage field.

4th Battery and Energy Storage Conference

The Battery and Energy Storage Conference seeks to engage chemical engineers and researchers working in the fields of energy storage and conversion technologies to identify, communicate and explore current advancements in technology design.
