The 64 projects signed at this conference involve fields such as batteries, energy storage, and positive electrode materials, presenting four major characteristics: high, deep, new, and green.

Post-Show Report of 2023 World Battery & Energy Storage

Organized by Guangzhou Innovation Exhibition Co., Ltd, the 8th World Battery & Energy Storage Industry Expo (WBE 2023) was successfully held this August 8th-10th at Area A, China Import and Export Fair Complex, Guangzhou.

World Power Battery Conference , United Nations in China

As a vital manufacturer and distributor of energy storage batteries and solar panels, China can further play a pivotal role in accelerating the promotion of low-carbon technologies to meet

en.battery-expo

Post-Show Report of 2023 World Battery & Energy Storage Industry Expo (WBE) Thanks to the support and attendance of worldwide insiders, WBE 2023 has concluded its biggest edition in its 8-year history.

2023 World Power Battery Conference held

It is understood that the main forum of this conference will focus on the future development direction of the industry, showcasing cutting-edge technology in power batteries, and exploring green and low-carbon development paths.

2023 World Power Battery Conference Opens in Yibin

With the theme of "New Green Power for the Future and New Growth-driver for the World", the 2023 World Power Battery Conference (WPBC2023) kicks off in Yibin on June 9.

2023 World Power Battery Conference Kicks off in Yibin, China

The 2023 World Power Battery Conference, sponsored by Sichuan Province and the Ministry of Industry and Information Technology, with the theme of "New Green Power for the Future and New Growth-driver for the World", opened in Yibin, Sichuan Province in ...
