Algeria solar connect international

Overview

How many solar projects are being built in Algeria?

Representatives of Algerian state-owned utility Sonelgaz have signed contracts with local and foreign companies for the construction of 20 solar projects from two tenders. A total of 19 contracts have been signed by representatives of Algerian state-owned utility Sonelgaz for the construction of 20 solar projects with a cumulative capacity of 3 GW.

Who won a solar PV tender in Algeria?

ALGIERS, March 25, 2024 – The government of Algeria has unveiled the winners of two solar PV tenders, the first launched in 2021 and the second held last year, totalling 3 GW, PV Magazine reported on Monday. Contracts were awarded by Algerian gas and electricity utility Sonelgaz.

What are Algeria's New 3 GW solar tenders?

Algeria's new 3 GW solar tenders mark a major shift in its energy landscape, aiming to expand solar beyond remote areas and develop a local renewable energy sector. With high solar potential, the tenders reflect Algeria's commitment to reduce its reliance on gas and boost domestic solar capacity.

Who will fund solar projects in Algeria?

The Algeria government is to fund the solar projects. Sonelgaz has signed 19 contracts with local and international companies to construct solar PV plants across Algeria.

Why are Algeria's solar tenders so important?

With high solar potential, the tenders reflect Algeria's commitment to reduce its reliance on gas and boost domestic solar capacity. Algeria — a nation traditionally dependent on gas — is set to take significant strides in solar energy through two large-scale solar tenders with a combined capacity of 3 GW.

Will Algeria build a solar PV plant?

The state owned utility for electricity and natural gas distribution in Algeria has signed 19 contracts with local and international companies to construct solar PV plants. In making the announcement recently, the government said the project to produce 3,000MW of solar PV energy is part of its Renewable Energy Development Programme.
