

European Solar Energy Storage

Anguilla jetion solar co ltd

Overview

Who is Jetion Solar?

As a world renowned PV manufacturer, Jetion Solar specializes in research, development, production and sales of high efficiency solar cells and modules. Since its foundation in 2004, Jetion Solar has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovations.

Why should you choose Jetion Solar?

Since its foundation in 2004, Jetion Solar has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovations. Jetion Solar upholds its belief that innovation is the key driver behind advancement by pursuing new technologies and higher efficiencies.

What makes Jetion Solar unique?

Jetion Solar continuously invests in the reform and innovation of solar products by upgrading cell technologies, laboratory equipment and employing potential R&D talents. Our emphasis on product innovation keeps us at the forefront of technology in the solar photovoltaic industry.

How many countries does Jetion Solar work in?

So far more than 10GW Jetion Solar's products have been widely applied in over 58 countries and regions. And as backed by CNBM, Jetion Solar also provide global EPC service and project financing. Currently, Jetion Solar has a global production capacity of 2.5 GW with 5 manufacturing plants in both domestic and Thailand.

How many plants does Jetion Solar have?

Currently, Jetion Solar has a global production capacity of 2.5 GW with 5 manufacturing plants in both domestic and Thailand. In 2021, Jetion Solar

announced plans to invest \$460 million to build a 5GW heterojunction (HJT) factory. Jetion Solar serves worldwide customers with high-quality products and professional services.

Does Jetion Solar provide EPC services?

And as backed by CNBM, Jetion Solar also provide global EPC service and project financing. Currently, Jetion Solar has a global production capacity of 2.5 GW with 5 manufacturing plants in both domestic and Thailand. In 2021, Jetion Solar announced plans to invest \$460 million to build a 5GW heterojunction (HJT) factory.

Anguilla jetion solar co ltd

Innovation-Jetion Solar (China) Co., Ltd.

Industry Leading PERC+ Cell Technology Based on large size Si-wafer with low oxygen content and defects, Jetion Solar R& D team applies self-developed core patented cell technologies, such like passivation contact, multiple light utilization and metallization printing technology, etc., and successfully realized mass production of cell efficiency with more than 23.00%.
