Strata Working on Phoenix Battery Storage Projects

Two projects - Deer Valley and Scatter Wash - known together as Scatter Wash Energy Storage, are in the initial development stages to create a free-standing battery storage project near Deer Valley Airport. Developer Strata Clean Energy plans to spend \$450M to create a 400MW/1,600 megawatt hours-capable battery storage site that would house enough ...

Strata Clean Energy Breaks Ground on 1 GWh Scatter Wash Energy Storage

PHOENIX-(BUSINESS WIRE)-Today, Strata Clean Energy (Strata), a pioneer in grid-scale

renewable energy solutions, celebrated a major milestone for its Scatter Wash battery storage complex in Phoenix, Ariz., with a groundbreaking that included executives from Strata, along with representatives from Arizona Public Service (APS), and other local ...

Strata breaks ground on 1.02GWh battery storage project in US

Strata Clean Energy, a renewable energy developer, has begun construction on its 255MW/1.02 gigawatt hours (GWh) Scatter Wash battery storage complex in Phoenix, Arizona, US. Set to be operational by April 2025, the Scatter Wash facility will feature batteries with the capacity to store and supply electricity to 250,000 homes for four hours

Strata breaks ground on 1GWh Arizona BESS

Developer and operator Strata Clean Energy has started construction on its 255MW/1,020MWh Scatter Wash BESS project in Arizona, US. The project in Phoenix is expected to become operational in 2025 and will ...

Strata Secures \$559M Financing for 1.02 GWh Scatter

...

Strata Clean Energy (Strata), a developer, owner, and operator of renewable energy projects,

secured a \$559 million financing for the construction and ownership of the 255 MW/1,020 MWh Scatter Wash battery ...

12V 10AH

Arizona: APS and Strata in 20-year tolling deal for 1GWh BESS

The project, called Scatter Wash, is located in Phoenix and will increase clean energy capacity in one of the US' fastest growing cities and stabilise the grid in a drought-prone region. Recent ones covered by Energy-Storage.news include an 860MWh project system integrator Powin is deploying and a co-located 600MWh project being developed

Strata Clean Energy Breaks Ground on 1,020 MWh Scatter Wash ...

Strata Clean Energy, a key player in utility-scale solar and storage systems, has officially broken ground on Scatter Wash, a groundbreaking 255 MW / 1,020 MWh battery storage complex located in Phoenix, Arizona. The project, set to go live in April 2025, will play a pivotal role in meeting the surging energy demands of Arizona Public Service (APS) customers.

CIP Acquires 1 GWh Scatter Wash Battery Energy Storage Project ...

Copenhagen Infrastructure Partners ("CIP"), through its flagship fund, CI V, and Strata Clean Energy (Strata), a leading developer, owner, and operator of renewable energy, announced that CIP will acquire the 255MW / 1,020 MWh Scatter Wash standalone battery storage project in Phoenix, Arizona. Strata will continue to serve as construction and asset ...

Strata Clean Energy Breaks Ground on 255 MW Battery Energy Storage

Strata Clean Energy, a grid-scale renewable energy solutions provider, broke ground on its 255 MW Scatter Wash battery storage complex in Phoenix, Arizona. Once operational in April 2025, the project's batteries will store enough electricity to power over 250,000 homes for 4 hours daily for 20 years.

CIP acquires 255MW/1020MWh battery storage project in Arizona

Strata Clean Energy will continue to serve as the construction and asset manager for the Scatter Wash project. The project, which commenced construction in early 2024, will commence commercial

US\$559 Million Secured for 1GW Scatter Wash Battery Storage ...

Strata Clean Energy as managed to secure a total of \$559 million funding that would be utilized for the development of its 255MW/1,020

Mwh Scatter Wash Battery Storage complex. Strata kicked off construction works on the Phoenix, AZ, energy storage project in the month of January this year. This mega battery complex project is expected to kick off its ...

Strata Clean Energy Breaks Ground on 255 MW Battery ...

Strata Clean Energy, a grid-scale renewable energy solutions provider, broke ground on its 255 MW Scatter Wash battery storage complex in Phoenix, Arizona. Once operational in April 2025, the project's batteries will ...

Scatter Wash Energy Storage , Mortenson

Mortenson is the EPC for Strata Clean Energy's Scatter Wash 255 megawatt / 1,020 megawatt-hour battery storage project in Phoenix Arizona. Once complete, the project will be one of the largest in the state of Arizona. Strata entered into a 20-year tolling agreement with APS for its Scatter Wash battery storage complex last year. This award
