Antarctica solar group duyunov

Overview

What is Duyunov's Motors?

"Duyunov's motors" is a project aimed at commercialization of the unique "Slavyanka" combined winding technology. The technology allows the team of engineer Dmitriy A. Duyunov to design new generation electric motors used in electric transport, industry, agriculture, military sector, aviation, household appliances, medicine and other fields.

What is hub motor based on Duyunov's technology?

Please try again later. Hub motor based on Duyunov's technology is the first in the world induction electric motor with "Slavyanka"-type winding that has a unique combination of capacity and power consumption. The new technology is based on the developed by us innovative combined winding technology for motors (star and delta combined in parallel).

Who represents the interests of investors in the project 'Duyunov's Motors'?

The interests of investors in the project are represented by SOLARGROUP. It is an international finance company operating in the field of crowdinvesting. Using the crowd investment mechanism and an extensive partner network, it organizes funding for the project "Duyunov's motors".

Who is Dmitriy Alexandrovich Duyunov?

Here the team of engineer Dmitriy Alexandrovich Duyunov will develop electric motors using the "Slavyanka" technology of any complexity, for various applications, according to the customer needs. In 2019, the Moscow government supported the innovative project, recognizing its significance and relevance.

How is Duyunov's Motors funded?

The project "Duyunov's motors" is funded by means of crowdinvesting: this means that investments come from an unlimited number of private investors.

The investor becomes a co-owner of the innovative business and can count on part of the company's profit by receiving dividends on his share. Any person from any place in the world can invest.

How does OO 'sovelmash' fund the project 'Duyunov's Motors'?

Using the crowd investment mechanism and an extensive partner network, it organizes funding for the project "Duyunov's motors". SOLARGROUP is the co-founder of OOO "Sovelmash" with the 49.5% share. Later on, after reorganization of the enterprise into a public joint stock company, the shares will be exchanged to "Sovelmash" stock.
