Overview

Exterran Corporation was acquired by Enerflex Ltd. on October 13, 2022. Enerflex is a premier integrated global provider of energy infrastructure and energy transition solutions. With enhanced scale and capabilities, Enerflex is optimally positioned to serve customers in key natural gas, energy transition, and water markets, which will enhance long-term shareholder value through s.

Who is Exterran Energy Solutions?

Exterran Energy Solutions, L.P. operates as an oil and gas company. The Company offers gas processing and compression, water treatment, air emissions, and project integration services, as well as provides site installation, designs, and fabricate equipment. Exterran Energy Solutions serves customers worldwide.

Is Exterran Corporation a publicly traded company?

Exterran Corporation was set up in 2007 and operated as a public company until it was acquired by Enerflex Ltd. on October 13, 2022. On Nov. 4, 2015, Exterran Corporation announced the completion of its previously announced spin-off from Exterran Corporation and emerged as an independent, publicly traded company.

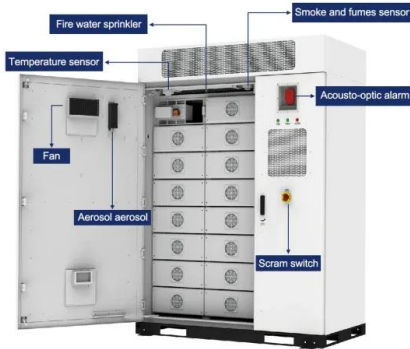

Is Exterran a self-financed company?

While product sales are largely self-financed through customer progress payments, the projects themselves are subject to construction and execution risk. Exterran operates primarily in international markets, with North American revenues representing less than 10% of its consolidated total.

Does Exterran have a working capital requirement?

Exterran has experienced start up delays in the construction of a sizeable, 250 million cubic feet per day natural gas processing project in the Middle East, which has added to the working capital financing requirement.
