

## European Solar Energy Storage

# Bahamas biggest solar panel

## Overview

---

Chub Cay Resort and Marina now has The Bahamas' largest solar array, with four megawatts of solar panels over 10 acres of land and a 10-megawatt-hour battery storage system in a hurricane-rated enc.

Chub Cay Resort and Marina now has The Bahamas' largest solar array, with four megawatts of solar panels over 10 acres of land and a 10-megawatt-hour battery storage system in a hurricane-rated enc.

This 53.5 kW solar array on Rose Island is the largest "solar only" system we know of in the Bahamas. There is one larger but it uses wind generators as well.

Layered on the edge of Chub Cay, Berry Islands, the 10-acre, 4MW ground-mounted solar field comprises 7,600 solar panels and a microgrid control system that could easily be the envy of the Caribbean.
