GoodWe Energy Storage Inverters

The GoodWe EH Series is a single-phase, grid-tied solar inverter specially designed for use with high-voltage batteries in the home. The inverter features a "Battery Ready" option for users who might wish to eventually acquire a full energy storage solution; by simply purchasing an activation code, the EH can easily be upgraded to a complete ESS system.

Off-Grid vs On-Grid Solar

Electricity System

With on-grid installation, you will no longer need to worry about battery cost and its maintenance as well as the charge controller cost and maintenance. Many homeowners prefer on-grid as cost of solar panels has already dropped so it would be much easier to go solar without worrying about the additional cost for other solar components.

GETTING TO KNOW SOLAR + STORAGE

First of all, when you install a solar battery as part of your solar panel system, you are able to store excess solar electricity at your home instead of sending it directly back to the grid. The grid/hybrid and off-grid types come with a solar battery. At the moment, Malaysia only allows the installation of grid-tied solar PV systems. In

How Much Do Solar Panel Cost in Malaysia (2024)

The cost of solar panels in Malaysia can vary. Some solar panels are more expensive than others, and some are less reliable and efficient than others. The most expensive solar panel is not always the best solar panel for ...

PWM & MPPT Solar Charge Controller

One of the most essential components of Solar Panels for your home is the Solar Charge Controller. It basically regulates the voltage of your Solar Battery Storage to avoid overcharging. Most 12 volt solar panels put out about 16-20 volts, making your battery more prone to damage if there's no regulation.

Solar Inverter For Sales in Malaysia

Solar inverters are also responsible for making sure that your power load is in check by feeding excess current back to the grid. Hence, you need to ensure that you get the best solar inverter for sale in Malaysia for your solar panel ...
