## What is an Energy Storage System?

A BESS (Battery energy storage system) also called "Battery pack" is made up of a set of batteries and an inverter system. The first ones are the responsible to store the energy and normally we measure it in kWh, and the second ones provide the amount of maximum power (kW) you can deliver. Atlas Copco's ZenergiZe range is a good example

## De geschiedenis van Atlas Copco

Atlas Copco begint zijn internationale expansie aan het begin van de 20ste eeuw. In 1955 richt het bedrijf een verkoops- en onderhoudsfirma op in Overijse bij Brussel. Atlas Copco Belgium start met een ploeg van 10 medewerkers, vandaag zijn het er meer dan 150. Ze staan klanten bij in heel België. Die klant staat centraal bij Atlas Copco.

## What is an energy storage system

A BESS (Battery energy storage system) also called "Battery pack" is made up of a set of batteries and an inverter system. The first ones are the responsible to store the energy and normally we measure it in kWh, and the second ones provide the amount of maximum power (kW) you can deliver.
