UAE utility EWEC seeking proposals for 400MW BESS

project

It follows its call for expressions of interest (EOI) in building the project earlier this year, which saw 27 parties qualified for the RFP out of a total 93 EOIs submitted. Parties have until the fourth quarter of 2024 to submit their response to the RFP. The BESS will provide ancillary services, such as, frequency response and voltage control to help EWEC balance the ...

JinkoSolar to supply 80 MWh of SunTera ESS for project in ...

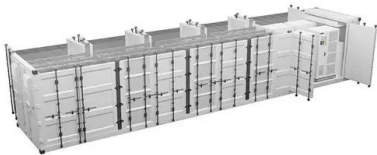

JinkoSolar has announced that it is to supply 16 sets of its SunTera utility-scale energy storage system batteries, with a total capacity of 80240 kWh, for an ESS project in northern Jiangsu

province. The project will utilize containerized liquid cooled systems, including the 5.015 MWh SunTera G2 ESS (JKE-5015K-2H-LAA).

Business support

The products and the technologies in which ESS was concerned until now are Braille printer (in Sudan), ground anchor for disaster prevention of road slope (in Vietnam), borehole camera for well diagnosis (in Bolivia), landslide remote monitoring system (in Sri Lanka), indoor shrimp production system (in Laos) and so on.

Sungrow to supply ESS for project in Massachusetts

Chinese inverter solution provider Sungrow has been awarded a contract to deliver its Energy Storage System (ESS) for a solar-plus-storage project in the US. The 15MW/32MWh project in Massachusetts is operated by US energy firm Stem, which is owned by New York-based private equity firm Syncarpha Capital.

West-Ansung (Seo-Anseong) Substation ESS Pilot Project-BESS, ...

The West-Ansung (Seo-Anseong) Substation ESS Pilot Project-BESS is a 28,000kW energy storage project located in Anseong-si, Gyeonggi, South Korea. The electro-chemical battery energy storage project uses lithium-ion as its storage

technology. The project was commissioned in 2015.

Shell Energy signs UK's first single-asset BESS tolling agreement ...

The seven-year tolling agreement is for the 100MW/330MWh Bramley BESS currently under construction in Hampshire, which is in southern England. Image: BW ESS. BW ESS and its partner Penso Power have signed the first long-term tolling agreement for a single battery energy storage system (BESS) asset in Great Britain with Shell Energy Europe.
