# Bos storage systems Palestine

## Overview

---

Who is Bos balance of storage systems?

Exciting stories about people and our planet evolve from it, stories that we love to share. BOS Balance of Storage Systems AG is a young high-tech company based in Germany. The focus on innovation in smart load management and reliable battery management systems, made BOS energy storage systems and batteries one of the most popular in their market.

What is a Bos home storage unit?

BOS provides the professional installation of photovoltaic systems on home roofs or commercial sites, increasing the independence from the electricity grid and rising prices. BOS home storage units are designed to make solar energy available at any time – at night, during bad weather or in the event of a power outage.

What makes Bos a good battery storage solution?

The latest innovation in BOS' battery storage products. The unique modularity of the BOS battery S and the superior compatibility make it a true multi-use talent that can be implemented in a number of different applications. The LiFePO<sub>4</sub> cells in use make the battery a specifically safe Lithium energy storage solution.
