SAE Renewables

SAE (formerly: SIMEC Atlantis Energy and previously Atlantis Resources) is a renewable energy company. It is incorporated in Singapore, but its operational headquarters are in Edinburgh, Scotland, United Kingdom. Initially, it was a developer of the tidal power turbines and projects, but after becoming a part of GFG Alliance it has expanded its business also to the waste-to-energy and hyd...

Marine energy in Scotland: A rising tide?

The remoteness of this most northerly part of the British mainland was why, in 1955, the government sited an experimental nuclear reactor at Dounreay, a few miles from Thurso.

Yet even though the reactor is being decommissioned and its 1,900 associated jobs are dwindling, locals are upbeat--unlike those in most of recession-hit Britain.

Company Update

SAE, the global sustainable energy generation company and technology developer, refers to its earlier announcement on 18 May 2021, and the appointment of receivers over all of the shares of its major shareholder, SIMEC UK Energy Holdings Limited ("SUEH"), ...
