# Burkina Faso smart solar turkey

## Overview

---

Why is Burkina Faso launching a solar power plant in Komsilga?

Loading. In a significant step towards enhancing electricity supply and sustainable development, Burkina Faso signs an agreement for a 50 MWp solar power plant in Komsilga. The initiative, led by the Minister of Energy and Energie Plus, aims to fortify renewable energy contributions, fostering economic growth and improved access to electricity.

Does Burkina Faso have a solar power plant?

In 2017, Burkina Faso inaugurated the Zagtouli solar power plant with support from the European Union and the French Development Agency (AFD). Issues include utility creditworthiness, and limited experience addressing IPPs and off-grid populations.

Will a 50 MWp solar power plant bolster Burkina Faso's electricity supply strategy?

In a pivotal move to bolster Burkina Faso's electricity supply strategy, the Minister of Energy, Mines, and Quarries, Simon-Pierre BOUSSIM, and Serge CONSEIGA, General Director of Energie Plus, sealed an agreement for the construction of a 50-megawatt peak (50 MWp) solar power plant in the commune of Komsilga, Burkina Faso.

Who is smart solar technologies?

Smart Solar Technologies, one of Europe's leading integrated solar energy companies in the fields of turnkey installation services and PV module production, offers a wide range of solar energy solutions.
