Leading the charge: the crucial role of BESS on the road to net

...

Harmony Energy's 99MW/198MWh Bumpers project in southern England, UK. Image: Harmony Energy Income Trust. The UK's battery storage industry has grown rapidly, but more must be done for the technology to make a vital contribution to net zero targets, writes Peter Kavanagh, CEO of UK BESS developer Harmony Energy.

Poland: CM might not be the most economic use of BESS capacity

But, as others have said, the main benefit of the CM in Poland is its fixed revenues and the advantage this brings to discussions with lenders for financing projects, said Michal Ma?kowiak, executive director of Harmony Energy Poland, local arm of the UK developer of the same name. Last year's clearing price was PLN 244.90/kWh (US\$64.01) per year, and ...

Innergex, Prevalon expanding Chile BESS to enhance PPA function

The new projects will bring San Andres 1 and 2's combined capacity to 77MW/385MWh, and Salvador 1 and 2's combined capacity to 70MW/350MWh, overall adding 62MW/310MWh of BESS capacity and increasing the sites combined BESS capacity by ...

Chile: Engie energises 418MWh BESS, Canadian Solar wins turnkey

In addition to being co-located with a solar PV plant, BESS Tamaya is located in a decommissioned diesel plant. Image: Engie Chile. This week Engie Chile has energised the 68MW/418MWh BESS Tamaya project in Antofagasta, while Canadian Solar's e-STORAGE secured a turnkey EPC contract to supply a 98MW/312MWh DC BESS in Chile.

Developer SENS secures land for 50MW BESS in Sweden

The Swedish grid-scale market has picked up in the last few years. This BESS co-located with a solar PV farm was deployed by Soltech in 2022 for developer Alight. Image: Alight. Developer Sustainable Energy Solutions Sweden (SENS) has signed a long-term land lease for a 15MW PV, 50MW battery energy storage system (BESS) project in Sweden.

Sungrow signs supply deal with UK developers for 1.7GWh

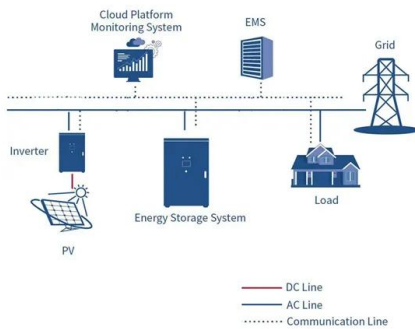

BESS ...

Sungrow will supply 280 sets of its PowerTitan 2.0 liquid-cooled BESS units for the Hams Hall energy storage project, which is currently under development in North Warwickshire, England. The Hams Hall project, which was granted planning consent in May 2022, is a 350MW/1750MWh BESS project by Penso Power and Luminous Energy, funded by BW ...

Top 10 BESS Developers in Europe

For instance, Europe's first commercial BESS development, Schwerin Battery Park, in Germany was able to restore power to a grid in the midst of an unexpected blackout. Moreover, Ørsted developed a BESS project, the ...

Milestone BESS news in Finland, Netherlands, Germany, France

BESS developer and EPC firm has partnered with flexibility provider Entelios and optimiser enspired, for the commercialisation of its Eco Power One BESS project in Schleswig-Holstein, Germany. The 103.5MW/238.5MWh BESS is the first of a series of large-scale projects that Eco Stor is building in Germany, and is set to come online in January

Battery storage in Africa: Trends and challenges , Burundi , Global ...

BESS projects are a solution to a number of inherent issues and challenges that many African

jurisdictions face from a power supply perspective. Looking at jurisdictions like South Africa, ...

BESS developer Jupiter Power secures US\$225 million from banks ...

This year saw a flurry of big financing deals announced by US BESS developers over the Spring and Summer. These included Canadian Solar subsidiary Recurrent Energy securing US\$513 million for a 1,200MWh project in Arizona in June and Intersect Power closing two financing deals worth a total US\$837 million for three projects in Texas a month later.

DFC Announces \$3.1 Million Grant for Weza Power to Expand ...

This project includes final development activities related to Weza Power's planned investment to expand and operate the national distribution network to serve up to 9 ...

Sungrow in 1GWh+ BESS deal with US developer Spearmint Energy

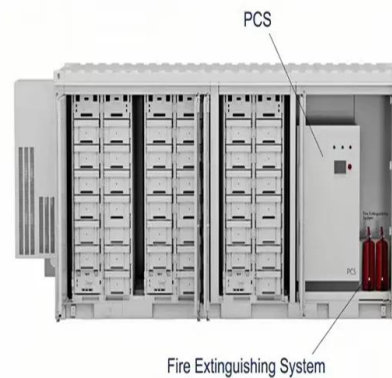

Sungrow will provide Spearmint Energy with more than a gigawatt-hour of battery energy

storage system (BESS) technology after signing an agreement with the US developer. The Chinese PV inverter manufacturer and battery storage system integrator will deploy its PowerTitan 2.0 liquid-cooled containerised BESS solution at Spearmint Energy ...

SSE Renewables begins construction of 640MWh BESS in the UK

Earlier this year (15 April), the organisation confirmed that its 50MW/100MWh 2-hour duration Salisbury project became its first operational BESS. SSE Renewables is also constructing a 150MW battery project in Ferrybridge, West Yorkshire, which is due for completion in the first half of 2025. EIG launches new BESS developer with 3GW BESS pipeline

Monsson plans 2GWh BESS in Romania with 'own storage solution'

Many more BESS projects coming in Romania . Monsson is also close to expanding the 24MWh project to 96MWh, with testing on the additional capacity due soon. The company has long-term plans to expand that site to 216MWh of energy storage capacity. Numerous other firms are also deploying large-scale BESS in the country.

Japan: Eku begins first BESS project, Gore Street raises funding

Developer Eku Energy announced the financial close of the project in early August, with project financing arranged by Japanese bank MUFG. Energy-Storage.news noted at the time that while it marks MUFG's first grid-scale BESS project financing transaction in its home country, the bank has previously participated in financing and investing in BESS projects in ...

Low Carbon sells 6GW Dutch BESS portfolio to S4 Energy

A render of a 500MW/2,000MWh project that LC Energy is developing. Image: LC Energy, Castleton Commodities International LLC (CCI) subsidiary S4 Energy has acquired Netherlands battery energy storage system (BESS) development platform LC Energy, and its 6GW pipeline of projects, from developer Low Carbon.

Bucclench submits plans for 49MW solar and BESS development

The Oakley Bush solar and battery energy storage system (BESS) project is a proposed 39MW solar development, with a 10MW BESS proposed for the site. The application area, which covers 150 hectares of land on the Boughton Estate, could play host to as many as 130,000 ground-mounted solar modules, positioned around 3.5 metres above the ground.

Brookfield-owned X-Elio to hybridise Australian PV plant

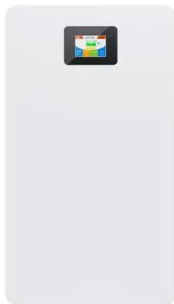

The developer, owned by Canadian asset manager Brookfield, said on Tuesday (22

October) that it will add a cumulative 148MW of battery energy storage system (BESS) technology to the project in two stages. The first stage will see a 60MW BESS deployed and is expected to reach mechanical completion by the third quarter of next year.

10+ Countries Join First-of-its-Kind Consortium to ...

BESS Consortium first-mover countries will be supported by resource partners including GEAPP, the African Development Bank (AfDB), the World Bank, Asian Development Bank (ADB), Inter-American Development ...

Netherlands: Giga Storage claims first time-limited BESS contract

BESS developer-operator Giga Storage has agreed a time-limited grid usage contract with Netherlands' TSO TenneT, the first of its kind, the firm claimed. The firm has concluded the first ever-time limited contract with TenneT, it said, which will give it the right to charge or discharge from the grid for 85% of the day.

New York-focused distributed BESS developer NineDot raises ...

...

In July last year, the developer secured US\$25 million from the NY Green Bank, a division of the New York State Energy Research and

Development Authority (NYSERDA), to advance grid connection work on an initial 14 projects in its portfolio. Investment comes amid increased interest in distributed BESS

MIGA Guarantee to Support Rural Electrification in Burundi

The Weza initiative supports Burundi's commitment to the Paris Agreement's low-carbon development, climate adaptation, and resilience goals. The project is a cornerstone of the ...

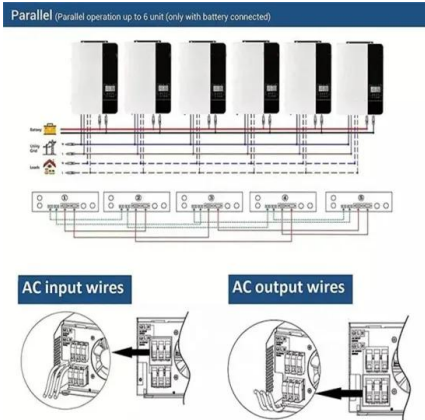

The role of BESS in keeping the lights on

An open letter penned by a coalition of BESS developers, including top names like Zenob?, Eelpower, Harmony Energy and Field, noted that energy system operators frequently favour turning off renewable energy sources, such as wind turbines, to cope with energy oversupply rather than make use of BESS assets. The coalition argued that this holds

Spearmint Energy 400MW MISO BESS faces setback after rezoning ...

The developer first submitted the MISO and SPP requests in 2023, which it expects to complete during the first quarters of 2028 and 2026, respectively. As recently reported by Energy-

Storage.news, Sparmint is also pursuing development of another BESS located within MISO's service territory known as Snowshoe BESS. The 150MW/600MWh standalone

Expanding electricity grid access in Burundi

As one of the world's least developed countries, Burundi faces severe electricity shortages that impact the quality of life and the potential for economic growth. Only about 10 percent of the

...

Elda River joins Sparmint \$200mn funding for BESS ...

This includes more than 1GW of projects nearing construction in Texas, where the company is one of the largest BESS developers. The \$200m term loan initially went through in June 2023 with Aiga. Nuveen joined in ...

The BESS is yet to come: Legal trends in Australia's large-scale

Solutions for developers. It is critical in BESS projects for the developer to have enough capacity to run multiple agreements, manage multiple contractors and address the impacts of individual contractor failures to perform. Strong developer control can help mitigate

implementation risks.

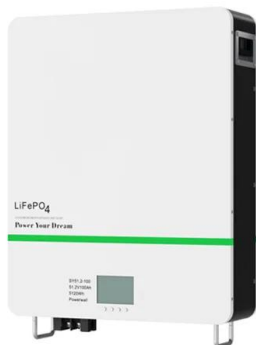

Aquila launches construction on Trina BESS project in Germany

BESS developer-operator Aquila Clean Energy has started building a 50MW/100MWh project in Germany, its first major one in the country. The company announced the start of construction on the project in the Strübbel municipality in the state of Schleswig-Holstein earlier this week (26 August). It is the first of 14 projects planned in Germany

The developing BESS market 2024

shows more than \$5 billion was invested in BESS in 2022, an almost threefold increase from the previous year. Looking ahead, it's expected the global BESS market will reach \$120-\$150 ...

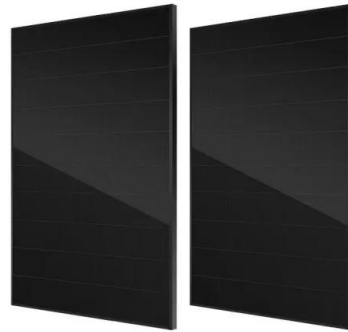

Banque Nationale de Développement Économique

The National Bank for Economic Development (French: Banque Nationale de Développement Économique, BNDE) is a bank in Burundi. Foundation and ownership. The BNDE was ...
