Burundi Inaugurates Country's First Utility-scale Solar Power Field

The solar field was constructed between January 2020 and October 2021 by Gigawatt Global's local subsidiary Gigawatt Global Burundi SA. The multinational effort was Burundi's first substantial energy generation project in over three decades, and the 7.5-megawatt solar field is the country's first utility-scale solar power station.

Wholesale Solar Energy Systems from Supplier , Burundi

Solar energy systems are regulated through a combination of federal, state, and local laws and regulations. At the federal level, agencies such as the Department of Energy and the Federal Energy Regulatory Commission play a role in overseeing solar energy policies and standards.
