### Phelas

Phelas is developing an electricity storage system to use solar and wind power even when the sun is not shining and the wind is not blowing. A modular, mass-produced and cost-effective and safe electricity storage system for utilities, grid operators, industry, renewable energy developer & operators. Founded in 2020, phelas develops and builds

### About phelas GmbH

phelas GmbH - phelas was founded to make a very simple vision a reality: We want 100% renewable electricity to be an economic no-brainer everywhere on this planet. -scale electrical storage system built on a new proprietary approach to air liquefaction specifically for long duration energy storage. We use air and gravel as the main storage

### Phelan Energy Group

Ireland-based Phelan has announced it will develop a \$2.4 billion hydrogen and ammonia production project in Peru, based on solar energy generation in the Arequipa region. The project will initially produce 440,000 tons per year of renewable ammonia, with scale up plans already in place to boost production to 1 million tons capacity.

### Products & Services - phelas

Aurora and Catalyst place phelas at the forefront of the renewable energy sector. Starting in Germany and Europe, our aim is global: making renewable energy a practical, sustainable choice for all. Our cutting edge utility-scale long duration energy storage to enable profitable 24/7 renewable supply.

## Funding and M& A Roundup: Energy Storage Firm phelas Secures ...

phelas, a provider of long-duration energy storage solutions, secured EUR4.1 million (~\$4.5 million) in a seed funding round led by E44 Ventures, an Israel-leading climate tech fund. It also saw participation from Axon Partners Group, Deutsche Telekom Hubraum Fund, BNV Partners, other investors, and existing angel investors. phelas specializes in the development ...

## Phelas: Liquified Air for Sustainable Energy Storage

Phelas is developing an energy storage system that works with liquified air. The aim is the sustainable and decentralized storage of power that is produced by renewable resources and available around the clock. We spoke with the founding team. Simon Tischer 18. December 2020.

## Phelan Green Energy , Powering a Greener Future

## Interview with Carolina: Bring everyone to the table: Global

In the series of closer looks at phelas' people, in this interview, we sit down with Carolina, an inspiring individual who has forged a path in the world of engineering and renewable energy. She shares her experiences, motivations, and perspectives on gender diversity in the energy and technology sectors.

## phelas Announces EUR4.1 Million Seed Financing Round

Munich, Germany - 06.03.2024 - phelas, a pioneer in the energy storage sector, announced today a seed financing round of EUR4.1 million. This investment round is led by E44 Ventures, an Israel-leading climate tech fund, with participation ...

## Phelas: The Flexible Liquid Air Energy Storage Container

"Phelas' Liquid Air Energy Storage (LAES) offers many features that cannot be covered by conventional technologies. We use air and gravel as the main storage medium - both materials are universally available and, unlike lithium-ions, less hazardous and less resource-geographically

dependent. The technology offers a decisive cost advantage

## Phelas

Phelas is developing a modular long duration energy storage system to harness solar and wind power even when the sun is not shining and the wind is not blowing. The company's Aurora Liquid Air Energy Storage (LAES) system transforms renewable energy sources into a stable, around-the-clock power supply.

## phelas Announces EUR4.1 Million Seed Financing Round

Munich, Germany - 06.03.2024 - phelas, a pioneer in the energy storage sector, announced today a seed financing round of EUR4.1 million. This investment round is led by E44 Ventures, an Israel-leading climate tech fund, with participation from Axon Partners Group, Deutsche Telekom hub:raum Fund, BNV Partners,

other investors and existing angel investors.

## Phelas from Munich secures EUR4.1M for revolutionary Long-Duration Energy ...

Phelas, a Munich-based innovator in the energy storage sector, has successfully raised EUR4.1M in a seed funding round. The investment was led by E44 Ventures, an Israeli climate tech fund, with additional support from Axon Partners Group, Deutsche Telekom hub:raum Fund, BNV Partners, other investors, and existing angel investors.

## Phelas, Based in Munich, Secures EUR4.1M for Energy Storage Tech

Founded in 2020, phelas is developing Aurora, a modularised and scalable energy storage system based on a new proprietary air liquefaction and thermal management process to achieve low-cost, scalable sustainable, and easy energy storage. Phelas has already been working with customers to accelerate energy storage deployment through Catalyst

SOURCE: "Spalding Gray's Swimming to Cambodia: The Article," in Critical Texts, Vol. 5, No. 1, 1988, pp. 27-30. [In the following essay, Phelan provides critical analysts of the stage, film, and

## (hiring) General intern (all genders) - phelas

At phelas, we're innovating the future of energy storage with Aurora and Catalyst. Aurora, our containerized Liquid Air Energy Storage (LAES) solution, is designed to reshape the energy storage landscape. Track: Energy Markets. Operational tasks related to energy markets; Collect, validate and analyse market data on energy production

### Team - phelas

We have a team of skilled experts who work on making energy storage easy to move and use. Our focus is on creating simple yet effective ways to store renewable energy, helping to make a greener, more sustainable future. At ...

## Three Years of Innovation, Partnerships, and Sustainable Growth! - phelas

Today marks an important day for phelas - we're celebrating our third anniversary! Together we are shaping the future of renewable energy, making tomorrow's sustainable energy a reality. Our journey wouldn't have been possible without the continuous support of our partners, who have been with us through the ups and downs. Our

## News

It's also a source of valuable industry insights, offering perspectives on trends, challenges, and opportunities in renewable energy. Whether you're closely following phelas's journey or are keen on the evolving landscape of sustainable

energy, our News section is designed to keep you updated and engaged.

## Interview with Leon: Innovating the Future of Energy ...

September 7, 2023 - Munich (Germany). In the series of a closer look into phelas' team and their personal stories, we spoke to Leon. We discussed how phelas came into existence, sparked by his academic work, personal motivation and ...

## phelas

phelas develops and distributes the solution for the energy transition: Aurora, a modular, mass-produced and low-cost electricity storage system for industry, energy producers and grid operators. phelas uses air and gravel as the main storage medium - both materials are universally available and, unlike lithium ions, less hazardous and less dependent on resource geography.

## Phelas raises EUR4.1 million in funding from a group of investors led ...

The Aurora long-term energy storage system and Phelas' Catalyst service are at the core of this vision, making a significant contribution to the large-scale integration of renewables into the grid and marking a decisive step away from fossil fuels. Justin Scholz, founder and CEO of Phelas, comments: `Achieving 100% renewable energy worldwide

## Career

Our Mission At phelas, we're more than an energy company; we're a team dedicated to making a significant impact on climate change. Our innovative energy storage solutions like Aurora and Catalyst are key to a sustainable future. We believe in creating a better world for future generations through renewable energy.

## [phelas , LinkedIn](#)
