

European Solar Energy Storage

Central African Republic solar huawei

Overview

How many R&D centres does Huawei have?

Huawei operates 12 R&D centres in regions including China, Europe and Asia-Pacific. It possesses more than 1 600 patents with about 6 000 employees, 60% of whom are focused on R&D. Huawei Digital Power serves one third of the world's population across more than 170 countries and regions.

Is Huawei a public company?

Founded in 1987, Huawei is not a public company but is fully owned by its employees. Huawei Digital Power covers business domains: Smart PV, Data Centre Facility, Site Power Facility, DriveONE and Integrated Smart Energy. It operates 12 R&D centres in regions including China, Europe and Asia-Pacific, and possesses more than 1 600 patents.

What makes Huawei a great company?

Huawei is a leading global provider of ICT infrastructure and smart devices. They offer integrated solutions across four key domains: telecommunications networks, IT, smart devices, and cloud services. Being a committed company, Huawei aims to bring digital connectivity to every person, home, and organization for a fully connected, intelligent world.
