

## European Solar Energy Storage

# Chad ice battery

## Overview

---

What is an ice battery?

The Ice battery is an innovative energy storage solution designed to shift electricity use from peak hours, when rates are high, to off-peak hours when rates are low. It eliminates the need for high-priced peak power, boosts grid resiliency and increases energy efficiency.

Can home ice batteries transform the electric grid?

Home ice batteries have the potential to transform the electric grid by enabling utilities to gain visibility and control over the largest residential peak load - cooling. There have been attempts to get consumers to participate in demand response programs, however none gained much traction.

Could a sodium-ion battery be used in a hybrid car?

Recent announcements include impressive milestones for batteries made for hybrid vehicles. If used in future EVs, the sodium-ion research can help convince more motorists to switch to a cleaner ride, which can save around \$1,500 a year in gas and maintenance costs, as well as reduce thousands of pounds of air pollution annually.

## Mederi Partners

Chad Ice, Co-Founder and Former CEO, Lexitas. I am fortunate to have worked with Kristin on multiple critical programs in ophthalmic drug development where we needed top flight regulatory support. Kristin has not only delivered what we needed, she has done so as an active and collaborative team member helping us all optimize clinical

## Cooling the Leaf Battery with Ice, This Actually Works?!?

= 500 btu per degF change in Leaf battery. melt one lb of ice = 144 btu; 3 lbs of ice per degree F change in battery; It would make more sense to use an air to air heat exchanger duct into the Leaf heat pump. Still put an air drier on the battery side air path. Of course, the middle of the rear stack is still heating up more

### ICE Battery Mount

The ICE Battery Mount fits to either the Rear Suspension Pannier Rack or can be fitted separately to rear suspension trikes. Chad (USD \$) Chile (USD \$) China (USD

## WENTIMA ICE Battery System - Inteligencja w zarz?dzeniu ...

Pomys? stworzenia innowacyjnego produktu - ICE Battery System narodzi? si? w 2020 roku . Inspiracj? do jego rozwoju sta?a si? sytuacja, która zaistnia?a podczas letnich upa?ów, gdy przy??cze energetyczne jednego z obs?ugiwanych przez nas zak?adów zbli?a?o si? do krytycznego punktu obci??enia.
