

European Solar Energy Storage

Cheapest solar container kit supplier in Belgium

Overview

Why should you choose Belga solar?

Belga Solar offers the most efficient, reliable, and sustainable photovoltaic solution on the market. YEARS! WHY CHOOSE BELGA SOLAR?

At Belga Solar, we offer you more than just solar panels; we provide a complete energy solution.

How many homes can a solarfold Container Supply?

The on-grid version of the solarfold container is connected directly to the public power grid and can supply up to 40 single-family homes with the energy produced (energy requirement of 3,500 kW/year/single-family house). The solarfold on-grid container can also be expanded with various storage solutions.

What is a solarfold photovoltaic container?

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic system over a length of almost 130 meters quickly and without effort into operation in a very short time.
