Overview

Who is the Cocos Keeling Islands Community Resource Centre?

EVENTS - PLEASE CONTACT US TO RSVP HERE The Cocos Keeling Islands Community Resource Centre has been operating since 2002, providing services to local businesses, residents and visitors to our wonderful Islands.

What happened to the Cocos Islands?

ended, to support P-8 Poseidon maritime aircraft, thus exploiting only either location. Discovered in 1609, the Cocos Islands were initially a privately owned asset, granted to the Clunies-Ross family in perpetuity by Britain in 1886, with jurisdiction transferred to Australia in 1955, and t.

Can the Cocos Islands be a logistical mob?

he caveat that the Cocos Islands are not suitable as a logistical MOB. While the existing Cocos Islands runway is adequate for the P-3C Orion, it is borderline for fighter operations due to length limitations, and lacks the surface strength for sustained high tempo operations by heavy aircra.

What are the limitations of the Cocos Islands?

n the scale of any installation, while the central lagoon is unusable. The third limitation is that the Cocos Islands are within 600 nautical miles of Sumatra and Java, and thus within easy reach of large tactical fighters, or air/sea launched cruise missiles, necessitating significant base hardenin.

What is Cocos Island used for?

offshore territory since it gained control of them a half century ago. Cocos Island has been used on a regular basis as a Forward Operating Base (FOB) for refuelling P-3 Orion Long Range Maritime Patrol (LRMP) aircraft, especially during the late Cold.

Why did the British invest in the Cocos Islands?

cation is suitable for launches into both equatorial and polar orbits. In conclusion, the British 1940s investment in the Cocos Islands is a reflection upon the excellent geographical location, for any operations intended to cover the chokepoints of the Mala
