

## Overview

---

How can Altech help DR Congo fight electrification?

To help tackle the challenge of electrification, Altech, the DR Congo's market leader in the distribution of world-class clean energy products and services, are deepening their last-mile distribution efforts to provide clean, affordable energy for conflict-affected people in the Democratic Republic of the Congo.

How can Altech help DR Congo?

Responding to the acute shortage of access to clean energy in the DR Congo, due to ongoing conflict, Altech's locally-rooted approach takes on the challenges of energy poverty with affected community members, providing solutions from the Congolese, for the Congolese, and by the Congolese.

What challenges does DRC face?

DRC, with the world's second-largest unelectrified population poses unique challenges due to its vast expanse and limited infrastructure.
