

## European Solar Energy Storage

# Container battery system quotation in China 2026

## Overview

---

According to the previously announced plan by PowerChina, this tender aims to select qualified suppliers for energy storage system equipment for 2025-2026. After the selection, a framework agreement will be signed.

According to the previously announced plan by PowerChina, this tender aims to select qualified suppliers for energy storage system equipment for 2025-2026. After the selection, a framework agreement will be signed.

In what is described as the largest energy storage procurement in China's history, Power Construction Corporation of China (PowerChina) is targeting an unprecedented cumulative storage capacity of 16 GWh. The bids were opened on December 4. The tender attracted 76 bidders, with quoted prices.

The Power Construction Corporation of China drew 76 bidders for its tender of 16 GWh of lithium iron phosphate (LFP) battery energy storage systems (BESS), according to reports. Bids averaged \$66.3/kWh, with 60 bids under \$68.4/kWh. The tender, covering supply, system design, installation guidance.

The Container Battery Storage System is classified under our comprehensive Storage Racks range. Procuring storage racks for transportation in bulk offers cost savings, inventory readiness, and streamlined operations. Bulk orders often come with competitive pricing and customization options.

Our containers, based on the concept of "standard power distribution," comprise chargers, inverters, batteries, isolation transformers, switches, and other integral components, seamlessly converting DC power into AC power. Battery energy storage system container is a grid-side outdoor smart.

Why choose iSemi Container battery energy storage?

The Container battery energy storage capacity is 20MWH and includes 4 standard PACK lines. There are two lines for integration into the system that offer a daily capacity of 5MW/10MWH. Our R and D engineers are highly skilled and have a broad range.

How to proceed an order for Battery Energy Storage System?

A: Firstly let us know your requirements or application. Secondly We quote according to your requirements or our suggestions. Thirdly customer confirms the samples and places deposit for formal order. Fourthly We arrange the production. Q3.

## Container battery system quotation in China 2026
