

European Solar Energy Storage

Containerized battery storage quotation in Portugal 2026

Overview

Portugal plans a 750 MVA battery storage auction by January 2026, investing €400M to boost grid resilience, speed renewables, and strengthen energy security nationwide. Portugal is preparing to hold a competitive auction for 750 MVA of battery energy storage capacity before January 2026. Does Portugal support battery energy storage projects?

Portugal has awarded grant support to around 500MW of battery energy storage system (BESS) projects, using EU Recovery and Resilience Plan (RRP) funding, a bloc-wide scheme that has supported energy storage across the continent.

Will Portugal's green transition boost energy storage by 2026?

(Montel) Portugal's recently elected government presented its legislative programme late on Wednesday, with the green transition one of its strategic pillars, including the launch of a strategy to boost energy storage by 2026.

What does Portugal's energy storage tender mean for the energy transition?

Portugal's government has announced the outcome of an energy storage tender that will see the installation of 500 MW of energy storage capacity to support the country's energy transition. Energy storage battery. Photo by Anna Vasileva.

What will the New Energy Cabinet do in 2026?

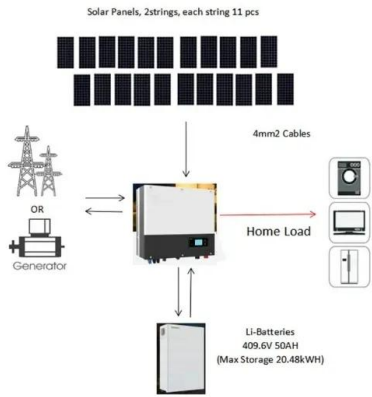

One of the new cabinet's priorities for its four-year term would be a national energy storage strategy for 2026 to accelerate investment in battery storage for wind and solar photovoltaic plants, it said.

Does greenvolt have a Bess project in Portugal?

Greenvolt and Galp have both deployed 5MW BESS projects in Portugal in the past. In eastern Europe, Moldova is in the process of completing a bidding process for the procurement of a 75MW BESS and 22MW internal combustion

engine (ICE) project, called the Moldova Energy Security Project (MESA).
