

European Solar Energy Storage

Containerized solar generator EPC service price in Portugal

Overview

Does Nomad Electric have a solar power plant in Portugal?

Nomad Electric has completed the construction and commissioning of its first solar power plant in Portugal with a capacity of 8,4 MWp from the portfolio of installations which totals 45 MWp. The company has also signed a new Engineering, Procurement, and Construction (EPC) contract for the 24 MWp PV farm.

Does Nomad Electric have an EPC portfolio?

Nomad Electric currently has an EPC portfolio of approximately 420 MWp and is actively contracting additional projects on the Iberian Peninsula. Plans are also underway to expand operations into Germany and Italy," added Izabela Mielniczuk, Business Development Director at Nomad Electric.

When will PV projects be fully operational in Portugal?

In August 2023, the Portuguese Ministry of the Environment issued new permits for the connection to the grid of PV projects with a total capacity of 5 GW. These projects are expected to be fully operational by 2030.
