Penis

The Latin word "phallus" (from Greek fallos) is sometimes used to describe the penis, although "phallus" originally was used to describe representations, pictorial or carved, of the penis.

Does penis size matter? And how do I know what's normal?

In 2020, a review of all the available research on penis length found the average length of an erect penis is smaller than many people think: between 12.95 and 13.97cm ...
