

European Solar Energy Storage

Customized portable solar solution EPC service price in Egypt

Overview

Who is EPC project & services provider?

We are a renewable energy developer and Engineering, Procurement and Construction (EPC) projects & services provider in both Solar PV and Solar Thermal applications. We are qualified by the Ministry of Electricity to develop utility-scale projects and have successfully concluded the co-development of 125 MWp Solar PV plants in Benban/Aswan.

What are solar EPC services?

In the solar industry, solar EPC services are a more sophisticated offering since solar installation is a long-term investment. Solar EPC contractors can play an important role in going solar. The term EPC, in the solar energy industry, is equivalent to turnkey.

What is Engineering Procurement & Construction EPC?

Engineering Procurement and Construction EPC. is turn-key contract including design, supply and installation. Solar Shams is an experienced projects developer with a local expertise to develop solar projects from concept to implementation. Utility scale projects are usually ground-mounted and start from 5 MWp upwards.
