What are Germany's most anticipated solar projects?

1. Verbund Visiolar Germany solar PV park The Verbund Visiolar solar PV park is a sizable project planned near Berlin, with a capacity of 2,000 MW. This solar plant will span 3,459 acres at first, with plans to expand further across 49,421 acres. Its sheer scale makes it one of Germany's most anticipated solar projects.

Why should you choose Zolar solar?

The company digitizes the opaque solar market by providing personalized installation of solar systems that configures exactly the right solar panels based on customer information and all available technologies, enabling consumers to save money quickly and easily with green energy. ZOLAR is the leading online solar company for residential homeowners.

What is solar offer configurator?

ZOLAR is the easiest way for residential home owners to purchase a solar and battery storage system including installation. We have developed the ZOLAR Offer Configurator, which is similar to a car configurator just for solar systems.
