Czechia 21700 intelligent battery system

Overview

What is the 21700 intelligent battery system?

The 21700 Intelligent Battery System is an innovative power solution which consists of the NITECORE 21700 i Series Battery, the ML21 Magnetic Light, the MC21 Magnetic Charger and the MPB21 Magnetic Power Bank.

What is the nitecore 21700 intelligent battery system?

The Nitecore 21700 Intelligent Battery System is an innovative set-up consisting of a 21700 NL2150HPi high performance i-series li-ion battery, an ML21 magnetic light and MPB21 magnetic power bank. Designed to offer consistent power and light whilst on your adventures, without the need for large amounts of kit.

What chargers are compatible with the 21700 I series battery?

The 21700 i Series Battery is compatible with conventional chargers including NITECORE UMS2, UMS4, UI1, UI2 and more, besides other accessories in the 21700 Intelligent Battery System. It can also power conventional 21700 flashlights and other compatible devices.

How does the mbp21 recharge a 21700 battery?

Featuring a USB port, the module combined with the battery can recharge your electronic devices when you are on the go. The MBP21 also allows the 21700 battery to be recharged and features a red indicator which flashes when in progress and stays illuminated once the cell is fully charged.

Gear talk: the Nitecore 21700 Intelligent Battery System

Nitecore 21700 Intelligent Battery System. The Nitecore 21700 Intelligent Battery System is a bit of an odd name. It is simply the bringing together of a battery, a light wand and a nifty little input/output charge cap, what Nitecore call a power bank, which it isn't. I cannot quite get a full charge of my Samsung Galaxy S20+ phone with this

NITECORE 21700 Intelligent Battery System is Launched as an ...
