Part of the Alt-Group, the Worcestershire based company specialises in the design and manufacture of solar mounting framework in the UK. The framework is specifically focused for

Solar and Storage 2024 - What a difference two years makes

The last (and first) time I visited the Solar and Storage event at Birmingham's NEC, was in 2022. The UK's first battery storage scheme had become operational a year before (read more about that here). Now there are over 100 operating sites and National Grid has emphasised that "battery storage technologies are essential to speeding up the replacement of
