Businesses can take advantage of financing options and long-term savings on energy costs to make solar energy an affordable and cost-effective solution. These options include cash, loans or leases and power purchase agreements (PPAs), which allow businesses to pay for the system over time while still enjoying the cost savings on their energy bills.

Glensol

Instead of offsetting the credits (KWh's) gained from your solar panels' excess energy as it happens in net metering, net billing systems

allow you to sell that energy to the utility. The compensation rate will be lower with net billing than with net metering since net billing customers receive an avoided cost price per kilowatt-hour from
