Danfoss power solutions a s Belarus

Overview

What is Danfoss Power Solutions?

Danfoss Power Solutions is a company that manufactures engineered hydraulic and electronic systems and components for use primarily in applications of mobile equipment. Today, it is known as Danfoss Power Solutions, and its products include compressors, clutches, motors, pumps, valves, drives, electronic controls, and much more.

Does Danfoss have a team in Russia and Belarus?

Accordingly, Danfoss has initiated the process, and we are considering various options. We continue to prioritize the safety and wellbeing of our Russian and Belarussian teams and their families. Danfoss has been operating in Russia since 1993. Our teams in Russia and Belarus are outstanding, and that makes this decision so much harder.

Is Danfoss still operating in Russia?

Danfoss has been operating in Russia since 1993. Our teams in Russia and Belarus are outstanding, and that makes this decision so much harder. We regret the decision, but in the current situation, we do not see any other option. We continue to monitor the situation and to act in full compliance with all sanctions as they develop.

Who is Danfoss Power Solutions India Private Limited?

Danfoss Power Solutions India Private Limited is a company with Corporate Identification Number (CIN) U00000PN2001PTC131740 and registration number 131740. Its Email address is mrawat@danfoss.com and its registered address is at Gat No. 94-100, Hi-Cliff Industrial Estate Wagholi-Rahu Road, Kesnand, Off Nagar Road, Pune, MH 412207, India.

Who is the president of Danfoss Power Solutions?

The inauguration was presided over by Eric Alstrom, President of Danfoss

Power Solutions, Astrid Mozes, President Hydrostatics Division and rest of Danfoss Power Solutions leadership team from headquarters, India leadership team and select Pimpri campus employees, following due Covid protocols.

Why did Danfoss initiate a controlled exit from Russia and Belarus?

Considering the effects of sanctions, supply chain disruptions and other logistical challenges, we have decided to initiate a controlled exit from Russia and Belarus. Accordingly, Danfoss has initiated the process, and we are considering various options.
