Senior US official confirms US Exim Bank's

2 ???· Nichols, during a press briefing by the US Department of State on Monday, said: "In November, the US Export-Import Bank gave initial approval for a \$500 million loan guarantee to support a \$2 billion US-built gas-to-energy project that represents the largest foreign investment in Guyana's history."

Universal

11x6M 330Wp UNIVERSAL project module for large photovoltaic projects. Our 11x6 project module was specially designed for large photovoltaic projects. The weight advantage (only 3.8 kg/m²) allows easy handling during installation and with the bonding technology, the installation time is significantly reduced. Thus, large industrial roof areas can be quickly and easily ...

3 ???· GEORGETOWN, Guyana, (CMC) - United States Assistant Secretary of State for the Western Hemisphere, Brian Nichols has confirmed that Guyana has received initial

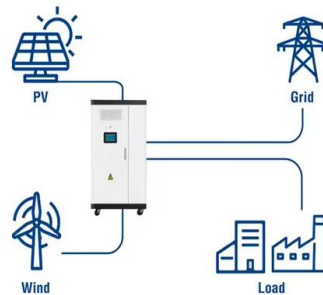

approval for a US\$500m loan from

Advantages of lightweight and flexible DAS Energy PV modules

DAS Energy product features Flexible and Lightweight 3.3 kg/m^2 . We replace the traditional glass pane with a highly transparent composite material, allowing us to attain a weight of just 3.3 kg/m^2 . This is significantly lower than traditional glass modules, which weigh on average over 20 kg/m^2 . This allows our modules to be installed on all roof constructions, including those unable ...
