

European Solar Energy Storage

Does posigen solar offer free energy loss checks

Overview

Each PosiGen solar system installation comes with a free energy efficiency audits to all of our customers. These audits help to identify ways you can make your home even more efficient, meaning you'll spend less energy to keep your home comfortable, and those savings will go right to.

Each PosiGen solar system installation comes with a free energy efficiency audits to all of our customers. These audits help to identify ways you can make your home even more efficient, meaning you'll spend less energy to keep your home comfortable, and those savings will go right to.

If your post-solar electricity costs end up being more than your pre-solar costs during that time, we'll provide a bill credit for the difference or offer additional energy efficiency services at no cost to you (PosiGen, "Can I Get Solar with Bad Credit?

"). Going solar with PosiGen is a wonderfully.

Solar is a clean, sustainable energy source that helps reduce dependency on less environmentally-friendly power sources such as natural gas, coal, or crude oil. PosiGen was started in New Orleans when our founders sought to help communities without efficient energy resources after Hurricane.

PosiGen is a residential solar energy company founded in 2011 with a mission to make renewable energy accessible and affordable to all homeowners — especially in underserved communities. Headquartered in Louisiana, the company operates in eight states across the U.S., with a strong presence in.

PosiGen is making solar panel leasing accessible and affordable for all homeowners, regardless of their credit score or income level. At PosiGen, we believe every homeowner deserves access to affordable solar energy. By providing affordable solar leasing programs that do not require a minimum.

Yes, PosiGen offers free consultations to assess your home's suitability for solar energy and to provide an estimate of potential savings. What is PosiGen's warranty or guarantee policy?

PosiGen provides a 25-year performance guarantee with full maintenance and warranty support for leased solar.

Each PosiGen solar system installation comes with a free energy efficiency audits to all of our customers. These audits help to identify ways you can make your home even more efficient, meaning you'll spend less energy to keep your home comfortable, and those savings will go right to your pocket. What is PosiGen's solar program?

PosiGen's solar program is designed to help our customers reduce energy costs and find the right solar solution for their needs. PosiGen is different than the average solar company, as our focus is on you, the customer. We bring solar to you in a unique way.

Is posigen a good solar leasing company?

Start your journey to energy savings without the hassle of large upfront costs. With over 30,000 successful installations across eight states, PosiGen is the experienced and trusted choice for solar leasing.

What is PosiGen's 25-year solar leasing program?

PosiGen's 25-year solar leasing program allows you to lease your solar panels instead of purchasing them, resulting in lower costs and all the benefits of solar power. We've eliminated common obstacles and income requirements, and there are no upfront payments required.

Does posigen have a credit check?

In stark contrast, PosiGen offers a “no credit check” transaction that makes its money-saving energy services accessible to families across the wealth spectrum, especially those with a higher percentage of their income going to power and fuel bills, known as having a high “energy burden.”

Why should you choose posigen solar?

PosiGen is dedicated to helping our customers reduce their energy costs (and their carbon footprints!) through our energy-saving solutions. Explore our services to find the right fit for you and your home. PosiGen Solar Difference.
