### Construction starts on 99MWh battery unit in Dominican Republic

Construction has started on the first major solar-plus-storage project in the Dominican Republic, which features a 24.8MW/99MWh battery energy storage system (BESS). The Comisión Nacional De Energia (CNE) of the Dominican Republic announced the start of work on the Dominicana Azul solar project shortly in late December (22 December).

### Fact Sheet: Fire Risk Assessments for ESS

Download our Fire Risk Assessments for Energy Storage Systems Fact Sheet to stay ahead in the rapidly evolving BESS industry. This essential resource provides critical insights into preventing costly incidents like thermal runaway and explosions, while ensuring your systems meet industry safety standards and regulatory compliance.

#### Lithium Solar Generator: \$150

### Dominican Republic

I started my visa application process before September 23, 2024, and I have questions about how to move forward. If you are a nonimmigrant visa applicant and paid your visa application fee before September 23, 2024, and you are having difficulties associating your existing visa record with your new user account in the new appointment system, please refer to the below ...
