

European Solar Energy Storage

Eikto battery Somalia

**Efficient
Higher Revenue**

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPP Trackers, 150% DC Input Oversizing
- Max. PV Input Current 16A, Compatible with High Power Modules

**Intelligent
Simple O&M**

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

**Flexible
Abundant Configuration**

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCI Function (Optional): when an arc-fault is detected the inverter immediately stops operation

Overview

Who is eikto?

EIKTO is a leading lithium battery innovator, we are specialized in Lithium-ion battery technology development and manufacturing, our integrated PACK is suitable for forklifts, marine, heavy trucks and battery energy storage system (BESS). We contribute to global low-carbon emissions, and to promote the development of the clean energy.

What is eikto lithium battery?

EIKTO lithium battery improves the distribution business of the material handling equipment, including forklift, cleaning machine, aerial platform, golf cart, etc Compared with traditional lead-acid batteries, lithium batteries have faster charging speed, longer service life, and provide more available energy for each discharge.

What makes eikto a good battery?

The EIKTO MS series uses a unique blend of lithium ions, making it the most compact, durable, and powerful battery on the market. EIKTO has been committed to improving energy efficiency and the environment for years. Our self-developed battery cell and the patented structure gave us a competitive advantage over other battery manufacturers.

Why should you choose eikto lithium batteries?

Lithium batteries offer the following safety benefits to provide customers with reliable energy solutions: EIKTO lithium batteries have built-in protection circuits to prevent unsafe conditions such as overcharge, over-discharge and overheating. These protection mechanisms ensure the safe performance of the battery during everyday use and charging.

Where is eikto located?

We contribute to global low-carbon emissions, and to promote the

development of the clean energy. No. 998, Baocheng Road, Eikto Industrial Park. Economic & Technology Development Zone, Xuancheng, City, Anhui Province. China. EIKTO© All Rights Reserved.

Eikto battery Somalia

Lithium-ion battery system

The EKT battery is specially designed to fit lithium-ion electric vehicles, and provides excellent safety and energy density while maintaining the same form factor as a regular lead-based battery.

Lithium-ion forklift battery

With 45% market share in national new energy forklift sector, Eikto solidified its position as the industry's No.1 Battery manufacturer. Different operational profiles and forklift types require different solutions.

Marine Battery PACK

Marine Battery PACK. Lithium-ion marine battery - 51.2V50Ah Lithium battery system for vessels View More. Lithium-ion marine battery - 51.2V80Ah Lithium battery system for vessel No. 998, Baocheng Road, Eikto Industrial Park. Economic & Technology Development Zone, Xuancheng, City, Anhui Province. China. +86 755-8487-8006

Container BESS

As of now, we have completed many microgrid projects all over the world. Besides the small to

medium size Commercial & Industrial energy storage and microgrid applications, the container ESS solution developed by us had ...
