## El Salvador energy storage news

---

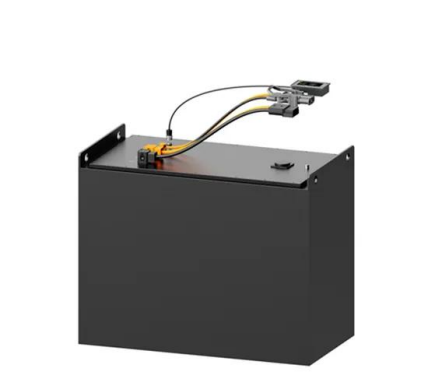

### [latin america Archives](#)

Energy-Storage.news presents our sponsored webinar with Trina Storage, focused on the Latin America and Caribbean markets. System integrator and project developer On.Energy has acquired nine in-development battery energy storage projects, which will play into California's CAISO market. Chile news: AES gets green light for hybrid plant

### **President Bukele: Leading El Salvador Toward Energy Sovereignty.**

President Nayib Bukele has declared El Salvador a leader in renewable energy, boasting an impressive 91% of its energy generation derived from renewable sources, ...

### **Thorium Energy Alliance Signs MOU with El Salvador to ...**

Thorium Energy Alliance News Letter 3.16.2023 . deployment advanced and safe energy generation through Thorium -powered reactors and thermal energy storage systems. The document was signed by John Kutsch, Executive Director of energy will help make El Salvador's energy base cleaner, safer, and more reliable. Additionally, it will

### **Neoen closes financing for 11**

## MW/8 MWh of storage projects in ...

The new batteries will raise Neoen's storage capacity in El Salvador to some 14 MW/10 MWh. The company has one lithium-ion battery installed and operating within the ...

## [News Archives](#)

A roundup of energy storage news from across the EU, involving Polar Night Energy's 'Sand Battery' in Finland, GazelEnergie and Q Energy in France, and Spain's MITECO awarding financial support to 45 ...

## EY examines 'complex' battery storage market

Among the key takeaways of the latest, 63rd edition, published this week is that US\$1.8 trillion was invested in clean energy worldwide in 2023, including a 507GW increase in installed capacity.. This was the biggest ever growth recorded in one year, and about two-thirds of that new capacity was solar PV.

## [sungrow Archives](#)

US renewable energy developer, Longroad Energy announced financial close of 111MWdc solar and 85MWac/340MWh storage project Sun Pond in Maricopa County, Arizona 4 December.

## Distributed Archives

Clean energy loan and grant activity from the US Department of Energy (DOE) and its Loan Programs Office (LPO) has soared around the election of Donald Trump, analysis by Energy-Storage.news shows, with ...

## **Government to Install Energy Storage Systems at Substations.**

El Salvador's Etasal plans energy storage systems at substations to stabilize solar power distribution. The company also adopts new technology and invests in hybrid ...

## **El Salvador mines 474 Bitcoin using geothermal energy**

El Salvador mines 473.5 bitcoins with geothermal energy, marking a major breakthrough in sustainable cryptocurrencies. El Salvador mined 473.5 bitcoins using geothermal energy, valued at around \$29 million, marking a major breakthrough in the use of renewable energy for cryptocurrencies.

Energy Storage Special Report 2019, from the editorial teams behind Energy-Storage.news and PV Tech, brings you no less than seven feature articles and technical papers looking at everything from the policy and regulatory initiatives ...

## Microgrids, battery storage projects get funding

The list of projects is therefore long and includes a wide variety of initiatives, technologies and mitigation measures alongside the hundreds of (mostly) solar-plus-storage microgrids, including enhancements to the grid from software to high voltage DC hardware level, better integration of distributed energy resources (DER), direct wildfire

## Invenergy, BW LNG Complete Financing of FSRU for ...

BW Tatiana is Central America's first floating storage and regasification unit (FSRU), lynchpin of liquefied natural gas (LNG)-to-power project that will meet 30% of El ...

## Zinc battery player Eos says cost reductions

Total revenues for 2023 were US\$16.4 million, down from US\$17.9 million the prior year, as covered by Energy-Storage.news Premium in

March. 'State of the art' manufacturing line to open soon, EOS CEO says . However, despite a financial position which has left Eos shares trading at US\$0.79 at the time of writing, down from a high of US\$28.83

## [News Archives](#)

The energy regulator in Greece has cancelled the country's third large-scale energy storage procurement auction due to confusion over limits on how much power capacity could be bid in per participant, with a view to relaunching the scheme. Energy-Storage.News is part of the Informa Markets Division of Informa PLC. Informa; About Us

## **FSRU project announced in El Salvador , LNG Industry**

Wärtsilä has announced the installation and successful operation of a floating storage and regasification unit (FSRU). The FSRU is a critical component to the 378 MW ...

## [Off Grid Archives](#)

Energy-Storage.news hears from the CEO of American Energy Storage Innovations (AESI), about its BESS technology, battery cell strategy, manufacturing in East Asia and the "shocking" price of manufacturing in the ...

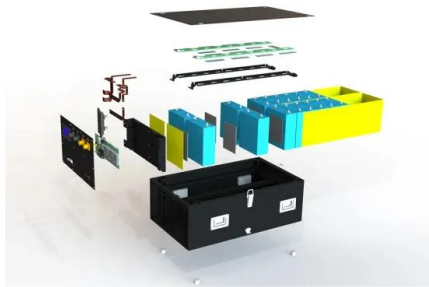

## Fueling a More Reliable and Clean Energy Future for El Salvador

A Floating Storage and Regasification Unit (FSRU) has been added to the 378 MW Energía del Pacífico power generation which is the largest private infrastructure investment ever in El Salvador.

## [US & Canada Archives](#)

Lithium-ion battery storage system integrator Fluence and iron-air battery startup Form Energy have completed fire safety and explosion testing of energy storage technologies. Aypa Power closes US\$398 million financing for 250MW/1,000MWh Arizona BESS

Energy-Storage.news hears from the CEO of American Energy Storage Innovations (AESI), about its BESS technology, battery cell strategy, manufacturing in East Asia and the "shocking" price of manufacturing in the US and buying US-made cells. VIDEO: Balancing safety and profitability in European BESS asset management

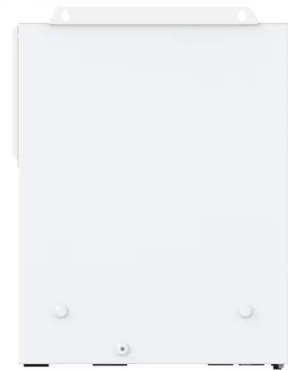

## Giga Storage contracts Sweco to design 2.8GWh Belgium BESS

Construction on Green Turtle is expected to begin in 2025 and be completed in 2028, having been delayed from the original timeframe of 2024. When asked why the date had been pushed back, a spokesperson told Energy-Storage.news earlier this year that the company "...now has a better idea on the supply chain and building contracts".. The project also ...

## El Salvador Sees 160-Fold Increase in Solar Energy Capacity ...

Looking ahead, Funes noted that the development of solar energy projects combined with battery storage is gaining traction, ensuring continuous energy supply day and night. AES El Salvador, a key player in this sector, has built 34 solar plants since opening its first in 2015, further solidifying the country's position in renewable energy

[Spain Archives](#)

A roundup of energy storage news from across

the EU, involving Polar Night Energy's 'Sand Battery' in Finland, GazelEnergie and Q Energy in France, and Spain's MITECO awarding financial support to 45 projects. The Spanish government has progressed plans to launch a competitive auction for renewable generation and energy storage in

## Africa Archives

A list of bids for the third window of South Africa's Battery Energy Storage Independent Power Producer Procurement Programme (BESIPPPP) has been revealed. BYD launches sodium-ion grid-scale BESS product Energy-Storage.News is part of the Informa Markets Division of Informa PLC. Informa; About Us; Investor Relations;

## Solar hits 21.1% of El Salvador's electricity mix with 633 MW

From pv magazine LatAm. El Salvador's energy regular, SIGET, said this week that the country's total installed PV capacity reached 633 MW by the end of 2023. The nation's total installed power

## Capstone, Eurowind JV seeks approval for 3.2GWh long-duration ...

Technical drawing of the proposed project site alongside substation infrastructure, taken from planning documents. Image: Levy Alameda LLC. Canada's Capstone Infrastructure and Denmark's

Eurowind Energy are proposing to construct a 400MW/3200MWh standalone BESS in Alameda County, California.

## EY examines 'complex' battery storage market

Among the key takeaways of the latest, 63rd edition, published this week is that US\$1.8 trillion was invested in clean energy worldwide in 2023, including a 507GW increase in installed capacity.. This was the biggest ever ...

## Transformative LNG-to-Power Project Lights Up El ...

By shifting a significant amount of power supply to natural gas, EDP reduces El Salvador's reliance on diesel and heavy fuel oil-fired power generation, offsetting 600,000 tons of carbon

## NextEra turns to California state regulator for 1

A render of the Corby BESS project. Image: NextEra. NextEra Energy Resources (NEER) has become the next IPP to seek approval of a renewable energy development incorporating battery storage via the California Energy Commission's (CEC's) opt-in process, as permitted under Assembly Bill (AB) 205.

## [News Archives](#)

New Hampshire-based developer Granite Source Power (GSP) co-founder Jessica Shor disclosed to Energy-Storage.news that approximately 80% of the company's 1,250MW sale would be in ERCOT. Bulgaria's 3GWh standalone energy storage tender 4x oversubscribed. December 9, 2024.

## **FSRU enables cleaner energy production for El Salvador**

The 378-MW EDP project in El Salvador will not only introduce a new source of energy to the country, but it will also include the development of the first offshore regasification vessel deployed off the Pacific Coast of Central ...

## [Southeast Asia Archives](#)

A consortium of development finance institutions led by the Asian Development Bank (ADB) and IPP Gulf Energy have signed a US\$820 million loan agreement for a solar and storage portfolio in Thailand. BYD launches sodium-ion grid-scale BESS product
