

European Solar Energy Storage

Electric vehicle rental and energy storage services

Overview

How do EV rental rates work?

As with all rental cars, EV rental rates vary based on where you're renting, when you're renting, and which car group you choose. In general, EV rentals are priced similarly to our other premium and luxury car groups, and bigger cars tend to cost incrementally more than smaller cars. Begin the reservation process to see rental rates for your trip.

Are EV rental cars available in North America?

As part of our dedication to personalized service and seamless travel, we offer electric vehicle (EV) rental cars in North America. Our selection of quality electric rental cars - the vehicles of tomorrow - lets you choose a greener way to travel with models from Polestar, Tesla and more available.

Do EV rentals cost more?

In general, EV rentals are priced similarly to our other premium and luxury car groups, and bigger cars tend to cost incrementally more than smaller cars. Begin the reservation process to see rental rates for your trip. Where can you rent an electric car from Budget?

The Budget EV rental fleet grows all the time.

Can I rent an EV at an airport?

Yes, there are electric vehicle rentals available on Turo at locations near airports across the US, UK, Canada, Australia, and France. To save time and hassle, skip the airport rental car counter and have your EV rental delivered to you.

How do I rent an EV?

Avis aims to provide a seamless rental process, whether you're renting EV cars or any of our other vehicles. We process EV rentals like the rest of our

vehicle fleet. You'll need to create a reservation at a location with EV availability and select your pickup and drop-off dates and times.

Can I rent an electric car with Avis?

Renting an electric car with Avis is similar to renting any of our gas-powered vehicles. Before returning the car, it's essential to ensure that the Tesla is mostly charged. Otherwise, you may incur a charging fee, just as you would incur a fee for not refueling a gas-powered car. Additionally, you must not drive your EV rental through a car wash.
