U.S. Advanced Battery Consortium Awards Contract to ENER1 ...

ENER1 Inc. announced that its EnerDel battery subsidiary has received a contract from the U.S. Advanced Battery Consortium (USABC), a part of the United States Council for Automotive Research (USCAR), an organization founded by DaimlerChrysler, Ford and General Motors that works with the Department of Energy (DOE) to strengthen America's ...

Company , Enerdel

EnerDel was the first company in the U.S. to mount a commercial-scale production of large-format, prismatic, lithium-ion battery packs and over the past decade, the company has worked to perfect the prismatic pouch cell design and modular stacking architecture, providing customers with production-ready solutions to address a variety of power

Think picks EnerDel for its car batteries; will car come ...

EnerDel, which makes a lithium-ion battery for electric cars and hybrids, announced Monday that it has been anointed the "supplier of choice" By Think Nordic, the guys coming out with an

Lithium-ion battery deal for Think electric vehicle may return ...

The nickel metal hydride battery in the Prius stores about 2.6 kilowatt hours of electricity, compared with 26 kilowatt hours in EnerDel's 600-pound battery pack. EnerDel, relying on innovative Japanese chemistry and former GM Delphi battery engineers, designed the lithium-ion battery in a quick program that has enabled the company to reach market

Battery maker EnerDel lays off most of its employees, workers say

EnerDel Inc., an Anderson-based lithium-ion battery manufacturer that has had financial ups and downs for two decades, laid off nearly all of its workers on Monday, according to former employees

EnerDel Plans to Invest \$237 Million in New Indiana Lithium-Ion Battery

The new plant will give EnerDel the capacity to produce battery packs for approximately 600,000 hybrid electric vehicles, or 60,000 battery electric cars. It will be financed through a \$118.5 million grant awarded under the federal stimulus package under a 50:50 cost-share program, of which EnerDel plans to spend \$60 million in 2010.

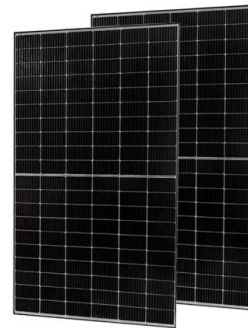

T100 Assure+ Battery Management System

EnerDel's T100 Secure+ Battery Management System offers: Safely integrates battery or energy storage system with your application; Provides easy interface to commonly-used controllers; Provides control and management of the lithium-ion cells in the battery banks, including balancing the energy of the system at the cell level

Energy Storage, Lithium Battery, and Electric Vehicle (EV) Products

Discover the future of sustainable transportation with Evolve Electrics--your premier destination for cutting-edge electric vehicle components, charging solutions, and renewable energy products. Offering a comprehensive range of high-quality electric motors, battery systems, and solar power technology, Evolve Electrics

EnerDel Announces the Completion of A-Sample Design Phase of ...

EnerDel, a leading Li-ion battery pack manufacturer, completed the first phase of their next generation family of battery packs, iEGO.

EnerDel's engineering team designed and procured the components to build the first iEGO 800V battery packs, leveraging NMC (Nickel Manganese Cobalt) VDA modules as the building block.

Enerdel 12s2p 48V 50Ah battery module 2.2kWh

Enerdel Moxie+ battery module. Each module is 2.2kWh. Perfect for all of your DIY and energy storage needs. Call 800-773-6614. Today's Deals. Product was added to your cart. Hybrid & E.V. Batteries. Batteries. Toyota. Toyota Prius 2001-2003; ...

EnerDel to get \$118.5M to expand Li-ion battery production

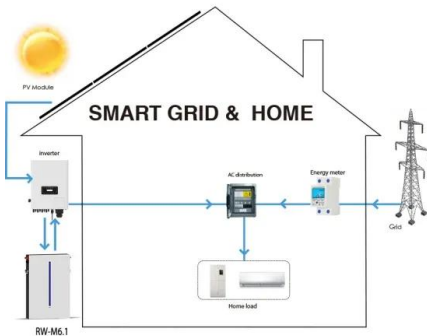

EnerDel produces its batteries at its state-of-the-art facilities in Indianapolis, Indiana, and is expecting to be the first company to mass-produce a cost-competitive lithium-ion battery for hybrid and electric vehicles. In addition to the automobile market, applications for EnerDel lithium-ion battery technology include medical, military

EnerDel gets \$4 million from the Feds for military li-ion battery

PRESS RELEASE: EnerDel Awarded \$4 Million Federal R& D Contract Company to Develop New

Hi-Performance Lithium-Ion Battery Technology for Cold- Climate Operations and Unmanned Aerial Vehicles

FOR IMMEDIATE RELEASE EnerDel to supply Li-ion Battery ...

EnerDel to supply Li-ion Battery Packs for E-Trikes Program in the Philippines . The 3kWh Li-ion battery pack with BMS controls will power tourism vehicles on the island of Boracay. INDIANAPOLIS - (April 29, 2014) EnerDel, Inc- ., a leader in lithium-ion energy storage

Think picks EnerDel for its car batteries; will car come soon?

EnerDel, which makes a lithium-ion battery for electric cars and hybrids, announced Monday that it has been anointed the "supplier of choice" By Think Nordic, the guys coming out with an electric

[Enerdel battery module disassembly](#)

When judging a battery or cell for pure power performance, the Short Discharge Time is a useful parameter or tool to use. Here is a white paper on it and a chart with popular cells including this EnerDel product. Interesting that it fairs better than the A123 20Ah cell.

For sale: Yellow Think city 2011 with Enerdel Li-ion battery.

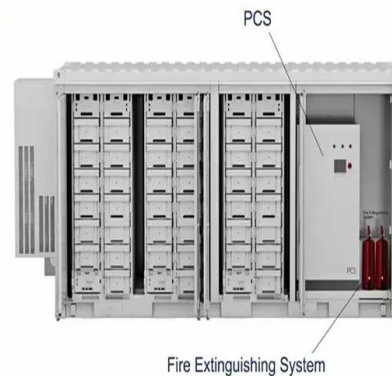

The battery is in good shape and Im considering keeping it to use as a home battery, but I bet it will be the main part to sell. So I own a not driveable anymore 2011 Think City with an Enerdel battery pack. 77100km/43000mi on the odo.

Workhorse Selects EnerDel As Battery Supplier: Orders 5,200

...

Workhorse Selects EnerDel As Battery Supplier: Orders 5,200 Packs Prototype testing shows that a 70 kWh EnerDel pack can take a fully loaded C-Series vehicle for 125 miles (200 km) on a single charge.

Workhorse Adds EnerDel as a Battery Supplier

About EnerDel EnerDel Inc. is a privately held business headquartered in Indianapolis, Indiana and a leading supplier of advanced lithium-ion batteries and electric systems solutions (ESS)for heavy-duty transportation, including full battery

electric vehicle (BEV) and hybrid electric vehicle (HEV), industrial, and utility applications.

EnerDel

EnerDel , 4,861 followers on LinkedIn. Lithium-ion Battery Manufacturer , EnerDel is an American company that creates modular and customizable lithium-ion battery solutions for your energy needs.

Battery maker EnerDel files for Chapter 7 bankruptcy

The company filed for Chapter 7 bankruptcy July 13 in U.S. Bankruptcy Court for the Southern District Court of Indiana, claiming nearly \$14 million in assets and \$47 million in liabilities

EnerDel puts a lithium-ion pack in a Th!nk City EV

EnerDel, the li-ion battery subsidiary of Ener1, announce today that a "fully functional lithium-ion battery pack" is currently operational in a Th!nk City electric vehicle in Indianapolis. Ener1

US Private Investor buys EnerDel, Inc.

EnerDel, Inc, founded in 2004, is a designer and manufacturer of lithium-ion energy storage solutions and battery systems, focusing on heavy-duty transportation, on- and off-grid electrical

Enerdel battery blocks with BMS now available

In cooperation with Enerdel, Elithion now offers 1.5 kWh, 48 V Enerdel battery blocks with and integral BMS board, ready for easy inclusion in your high performance traction pack for a race EV. One to 16 modules may be used for traction packs from 44 to 700 V, from 1.5 to 20 kWh, from 40 to 700 kW peak power.

EnerDel still in battery business, now working with Purdue

WEST LAFAYETTE, Ind. - Indiana-based EnerDel Inc., a leading manufacturer of advanced lithium-ion batteries and energy storage systems, is expanding its relationship with Purdue University's
