Energizer is also a leading designer and marketer of automotive fragrance and appearance products from recognized ...

Review of the Energizer PPS700 (626Wh/600W) Portable Power Station

The Energizer PPS700 Portable Power Station is a very well-designed machine. With the exception of the light placement, we were big fans of the physical design and layout. The battery is also reasonably powerful, with a 626Wh capacity and 600-watt maximum output. It's safe to use, and compatible with almost any device.

Arc12 1166WH Lithium-ion Portable Power Station

Stay charged up while off the grid or during your next power outage with the massively powerful Arc12, up to 1000-Watts of pure sine wave AC power shared over 3 outlets. Capable of powering your TV, minifridge, router, and many other small appliances and tools. Unlike gas powered generators this Lithium-Ion power station is completely silent, creates no exhaust, and requires ...

Review of the Energizer PPS320 (300W/320Wh) Portable Power Station

The Energizer PPS320 Portable Power Station looks a little bit like a portable stereo. It's rectangular in shape, with an attractive black housing and grey highlights. The total size is 9.1 inches wide, 7.9 inches tall, and only 5.1 inches in depth. Despite its compact size, though, it's surprisingly heavy.

REVIEW : Energizer Portable Power Station / vs Leading Brands

With the Energizer power station, you're looking at 13.6V DC power right at the battery. Even as it drains down, it never goes below 11.5V. So it doesn't need a built-in 12V power supply to regulate or step up power, which means less

wastage of energy. Other power stations with lithium batteries have to use some battery energy for the
