Jan 24, 2022 @ 5:32pm Auto enable after repair bug? When you have more than one worker building, the option that automates re-activation of buildings after repair doesn't

### Energy Island Corp.

Make your own energy mix. Solar panels only produce when sun is up, oil generators are expensive to run, nuclear plant can't adapt their production, Each primary energy has its own characteristics, you must mix them to find ...

**200kWh Battery Cluster**

### Energy Island Corp. General Discussions

Monotonous because there are few elements. I think it would be more interesting if the time flow was slower and there were more elements. As a bug, around the 255th day, the screen suddenly froze and went blank every time (3 times in a row). ???????????  
 ???

### [Bug Report] it's kW, kWh Not

## kw, kwh, Kw, Kwh :: Energy Island Corp

By the way, solar panels and wind turbines upgrades are all expressed in kWh. I think it should read kW, otherwise it does not make any sense.

## Small update 1.0.2 :: Energy Island Corp. Events & Announcements

Congratulations on the recent game release! I'm happy to see a game about energy generation, since it is a topic that fascinates me. And it's

great to see some bugs getting fixed.

## Energy Island Corp. , Game Info, Prices, Platforms and Reviews

In Energy Island Corp, you manage an electric grid on small islands. When you arrive on an island, there is only few inhabitants and no electric facilities. It's your job to build a robust ...

## We need this :: Energy Island Corp. General Discussions

Hi! I enjoyed Electric City Manager on Kongregate and was looking forward for this one. I unfortunately missed the opportunity to play the demo :( Just a minor nitpick in the game description though: nuclear plants can actually adapt their production. It is usually more economically interesting to let some other production units do the load follow, like hydro or ...
