# Energy storage conference jiang

## Overview

---

What is China International Energy Storage Conference?

The China International Energy Storage Conference is a platform focusing on industrial energy storage manufacturing. Here we showcased new technologies and were very happy to see many customers coming to our booth to communicate. In the future, we will participate in the exhibition with better solutions.

What is the energy storage global conference?

The Energy Storage Global Conference offers the opportunity to industry, researchers, and policymakers to exchange views and debate key issues faced by the energy storage sector. The 3-day conference will also explore the extent to which energy storage can help avoid dependency on fossil fuels in order to balance the electricity system.

What is the energy storage exhibition & docking platform?

It is one of the most influential industry exchange and docking platforms in the global energy storage field, and is known as a high-standard exhibition with high gold content and strong guidance in the energy storage industry. It is a weathervane for the development of China's energy storage industry.

with 1,000+ global energy storage leaders, 200+ industry veterans, 10,000+ professional visitors, and 70+ media to connect global energy storage companies and embark on a new journey for the industry!

## THE 12TH ENERGY STORAGE INTERNATIONAL CONFERENCE

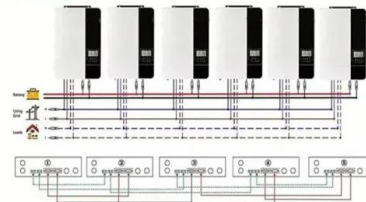

...

After 7 years of honing, ESIE has grown into a leading professional brand exhibition in the world, and is one of the influential industry exchange and docking platforms in the global energy storage field.
