Energy storage conference successfully held

Overview

From April 10 to 12, 2025, the 13th Energy Storage International Conference and Expo (ESIE 2025) was successfully held, marking a key moment for the energy storage industry as it progressed from scale to value.

From April 10 to 12, 2025, the 13th Energy Storage International Conference and Expo (ESIE 2025) was successfully held, marking a key moment for the energy storage industry as it progressed from scale to value.

Since its establishment in 2012, the Energy Storage International Conference and Expo (ESIE) has successfully held 13 editions. It is the world's leading energy storage event and professional exhibition platform. It is hailed as the barometer of China's energy storage industry development. ESIE was.

From March 26 to 28, the 2024 China International Clean Energy Expo was opened in Beijing. Under the background of actively and steadily promoting the realization of the "dual-carbon" goal, clean electric power has become the main theme of the development of the domestic electric power market.

The 2023 Energy Storage International Conference, jointly organized by the Institute of Engineering Thermophysics, Chinese Academy of Sciences, China Energy Research Society and China Energy Storage Alliance, was successfully held in Beijing Shougang Exhibition & Convention Center on April 7-9.

From October 12th to 14th, 2022, the 2nd World Energy Storage Conference (WESC 2022) and the 7th UK Energy Storage Conference (UKESC 2022) were successfully held both online and offline in the British Birmingham Energy Storage Center (BCES). The conference was chaired by Professor Yulong Ding, the.

The Fritz Haber Institute of the Max Planck Society, in collaboration with the J. Heyrovský Institute of Physical Chemistry of the Czech Academy of Sciences, successfully hosted the second edition of the "Challenges on the Renewable Energy Storage" conference. Held from September 1st to 4th, 2024.

From Dec 12 to 13, 2022, GGII Energy Storage Annual Conference was

successfully held at Crowne Plaza Shenzhen Hotel. At the conference, Yotai stood out among competitors and won the "2022 Innovative Product Award" of GGII. With the theme of "Energy Revolution, New turning point of Energy Storage". What is the 2023 energy storage international conference?

When is energy storage Canada's annual conference?

Energy Storage Canada's 7th Annual Conference - Accelerating Canada's Energy Transition is scheduled for October 11 & 12, 2022. We are thrilled to be returning in person.

What is the energy storage global conference 2022?

Following the success of last year's hybrid event, despite the complex context of the health crisis, the conference gathered more than 350 participants and over 100 speakers from 37 countries worldwide; this year, the Energy Storage Global Conference 2022 will attract over 500 top-level energy storage professionals and policymakers.

What is China International Energy Storage Conference?

The China International Energy Storage Conference is a platform focusing on industrial energy storage manufacturing. Here we showcased new technologies and were very happy to see many customers coming to our booth to communicate. In the future, we will participate in the exhibition with better solutions.

What is energy storage frontier technology conference (esftc)?

More than 200 energy storage industry experts brought wonderful reports. During the Conference, the "Energy Storage Frontier Technology Conference (ESFTC)" was organized. While, the launching ceremony of " Long-Duration Energy Storage Technology Special Committee of China Energy Storage Alliance " was held in the ESFTC opening ceremony.

Who hosted the opening ceremony of China energy storage Alliance Conference?

The opening ceremony of the Conference was hosted by Ms. LIU Wei, Secretary General of China Energy Storage Alliance.
