

## European Solar Energy Storage

# Energy storage industry battery ranking

## Overview

---

S&P Global has released its latest Battery Energy Storage System (BESS) Integrator Rankings report, using data for installed and contracted projects as of 31 July, 2024, showing the top five globally remains the same as last year's ranking but with a shift in the order.

S&P Global has released its latest Battery Energy Storage System (BESS) Integrator Rankings report, using data for installed and contracted projects as of 31 July, 2024, showing the top five globally remains the same as last year's ranking but with a shift in the order.

The Global Battery Energy Storage Market was valued at USD 15.1 Billion in 2024 and is projected to reach USD 57.8 Billion by 2032, growing at a Compound Annual Growth Rate (CAGR) of 18.3% during the forecast period (2024-2032). This explosive growth is driven by accelerating renewable energy.

Below are ten of the most influential energy storage battery manufacturers worldwide, covering a wide range of applications from residential to commercial and grid-level storage. The list is in no particular order: 1. CATL (Contemporary Amperex Technology Co., Limited) – China One of the largest.

The world shipped 196.7 GWh of energy-storage cells in 2023, with utility-scale and C&I energy storage projects accounting for 168.5 GWh and 28.1 GWh, respectively, according to the Global Lithium-Ion Battery Supply Chain Database of InfoLink. The energy storage market underperformed expectations.

In this week's Top 10, Energy Digital takes a deep dive into energy storage and profile the world's leading companies in this space who are leading the charge towards a more sustainable energy future. 10. Vivint Solar Acquired by Sunrun in 2020 for US\$3.2bn, Vivint Solar entered the home energy.

If the energy storage industry were a Formula 1 race, Tesla just overtook Sunshine Solar in a dramatic last-lap maneuver. According to Wood Mackenzie's 2024 Global Battery Energy Storage System (BESS) Integrator

Report, Tesla now leads with 15% market share, dethroning 2022's champion, Sunshine.

The top 10 global energy storage battery cells shipments include well-known companies such as CATL, CATL, BYD, and EVE. Through continuous innovation and technological breakthroughs, they have become a leader in the energy storage battery industry and have made important contributions to the. Which Chinese energy storage battery companies performed well?

Chinese energy storage battery companies performed exceptionally well, achieving record-breaking global shipments. CATL maintained its leading position for consecutive years, while other companies such as EVE Energy, HiTHIUM, BYD, and AESC followed closely. TOP 1 CATL.

What are the top 10 battery manufacturers in 2024?

Among the top 10 global battery manufacturers (power + energy storage) in 2024, six are Chinese companies: CATL, BYD, EVE Energy, CALB, Gotion High-Tech, and Sunwoda. Three South Korean companies—LG Energy Solution, Samsung SDI, and SK On—along with Japan's Panasonic also made the list. Part 1. Breakdown of the Top 10 Battery Shipments in 2024.

Who is the best battery storage company in the world?

Tesla - USA Known for Powerwall, Powerpack, and Megapack, Tesla leads in both residential and grid-scale storage with strong battery technology and system integration expertise. 4. LG Energy Solution - South Korea.

Who makes energy storage batteries?

Below are ten of the most influential energy storage battery manufacturers worldwide, covering a wide range of applications from residential to commercial and grid-level storage. The list is in no particular order: 1. CATL (Contemporary Amperex Technology Co., Limited) - China One of the largest manufacturers of lithium-ion batteries globally.

Why was 2024 a great year for Chinese energy storage companies?

Overall, 2024 was a standout year for Chinese energy storage companies, whether industry leaders like CATL or specialized players like HiTHIUM. These companies demonstrated strong global shipment performance, highlighting China's robust capabilities and global influence in the battery sector.

Which energy storage companies shipped the most in 2023?

Additionally, Samsung SDI and LG's energy-storage cell shipments totaled nearly 14 GWh in 2023, translating to a slightly lower market share of 7%. For utility-scale energy storage, CATL, BYD, EVE Energy, Hithium, and REPT BATTERO shipped the most in 2023. CATL shipped more than 65 GWh and the rest less than 22 GWh.

## Energy storage industry battery ranking

---

### Latest BESS rankings show Tesla's global dominance

Tesla retains its top spot for the second consecutive year as the leading global producer in the battery energy storage system (BESS) integrator market with a 15% market share in 2024, according to Wood Mackenzie's Global battery energy storage system integrator ranking 2025 report. Chinese

### 2024 Energy Storage Battery Cell Shipment Rankings

Chinese energy storage battery companies performed exceptionally well, achieving record-breaking global shipments. CATL maintained its leading position for consecutive years, while other companies such as EVE Energy, HiTHIUM, BYD, and AESC followed closely.

### Energy-storage cell shipment ranking: Top five dominates still-Industry

The energy storage market underperformed expectations in Q4, resulting in a weak peak season with only a 1.3% quarter-on-quarter growth. The top 5 companies shipping the most in 2023 remained CATL, BYD, EVE Energy, REPT BATTERO, and Hithium. CATL led with shipments exceeding 70 GWh.

## Top 10 Energy Storage Battery Manufacturers (2025)

Below are ten of the most influential energy storage battery manufacturers worldwide, covering a wide range of applications from residential to commercial and grid-level storage.

## Top 10 global energy storage battery cells by total shipment volume

This article will take you through the ranking of the top 10 global energy storage battery cells in terms of total shipments, provide you with a detailed explanation.

## Top 10: Energy Storage Companies , Energy Magazine

Including Tesla, GE and Enphase, this week's Top 10 runs through the leading energy storage companies around the world that are revolutionising the space

## Top 10 Global Power & Storage Battery ...

Among the top 10 global battery manufacturers (power + energy storage) in 2024, six are Chinese companies: CATL, BYD, EVE Energy, CALB, Gotion High-Tech, and Sunwoda.

## The evolving dynamics of battery energy storage system integrators

S& P Global has released its latest Battery Energy Storage System (BESS) Integrator Rankings report, using data for installed and contracted projects as of 31 July, 2024, showing the top five globally remains the same as last year's ranking but with a shift in the order.

## Energy Storage System Vendor Ranking 2024: Who's Leading

...

According to Wood Mackenzie's 2024 Global Battery Energy Storage System (BESS) Integrator Report, Tesla now leads with 15% market share, dethroning 2022's champion, Sunshine Solar (which dropped to second place with a 12% slice of the pie) [1] [6].

## Top 10 Companies in the Global Battery Energy Storage Market ...

This analysis highlights the Top 10 Companies in the Battery Energy Storage Industry - a combination of technology pioneers, energy giants, and system integrators shaping the future of global energy storage solutions.

## Top 10 Global Power & Storage Battery Manufacturers 2024

Among the top 10 global battery manufacturers (power + energy storage) in 2024, six are Chinese companies: CATL, BYD, EVE Energy,

CALB, Gotion High-Tech, and Sunwoda.
