EnergSys® ABSL Battery Successfully Launched On NASA's Europa Clipper Spacecraft
READING, Pa., Oct. 31, 2024 (BUSINESS WIRE) - EnergSys (NYSE: ENS), the global leader in stored energy solutions for industrial applications, is proud to announce that its ABSL(TM) lithium-ion space battery was successfully launched onboard NASA's Europa Clipper spacecraft.

Battery Sizing Program BSP

Summary Margin Reports - show the user how well each EnergSys battery fits their requirements (shown in a percent value)
Standard IEEE-485 Reports - show the sizing calculations for all applications except UPS;
UPS Sizing Reports - provide specifications based on IEEE with parameters that are made for UPS system requirements;

IRONCLAD Workhog Batteries , PRIMARY BATTERIES DRY & WET , EnerSys

Workhog batteries by EnerSys, are available in sizes to fit vehicles from small personnel carriers up to the largest 100,000-lb. lift truck. We've made a great battery even better. The latest generation of Workhog batteries, rated at 75, 90 and 125 amp hour, are the most powerful "standard" rated batteries on earth. Using unique Ironclad square

ABSL Space Batteries , PRIMARY BATTERIES DRY & WET , EnerSys

Our ABSL batteries were the first rechargeable lithium-ion batteries flown in space, are the longest serving lithium-ion spacecraft batteries, and are the most demonstrated lithium-ion space batteries with more Lithium-ion flight heritage than any other battery. At EnerSys, we're committed to supplying the space industry with reliable, high

IRONCLAD LoadHog flooded lead acid batteries

As the first battery to hold 100 ampere-hours in a standard 85 ampere-hour compartment, the IRONCLAD LoadHog® battery solution is reliable and visionary, with 18% more capacity than conventional batteries. Enabling your fleet to run harder and longer during the most demanding shifts, IRONCLAD LoadHog® batteries combine 55, 75, 100 and 140 amp

HUP Batteries , PRIMARY BATTERIES DRY & WET ,

EnerSys

When you purchase a HUP Battery from EnerSys, you are eligible to enroll in our Power Payback Program. Five years after you purchase a HUP Battery, we'll credit you with 15% of the original purchase price when you purchase a new HUP Battery. Along with the HUP warranty, the best in the industry, the Power Payback Program assures you of

9. Vented lead-acid (VLA) batteries can contain an explosive mixture of hydrogen gas. Do not smoke, cause a flame or spark in the immediate area of the batteries. This includes static electricity from the body and other items that may come in contact with the battery.

Express Batteries , PRIMARY BATTERIES DRY & WET , EnerSys

Only Express batteries are engineered and manufactured specifically for fast charging and long life. With exclusive Square Tube Technology, heavy duty components and factory installed watering systems, Express batteries will: run cooler, live longer, deliver the most capacity of any fast charge battery. Express batteries deliver maximum productivity, allowing your trucks to ...

PowerSafe E® Batteries

Extra thick positive grids make the EA-M series one of the industry's most rugged battery. PowerSafe EC-M batteries with calcium alloy plates offer maximized performance in long discharge applications and reduced watering requirements. EC-M batteries are supplied with 100% "out of the box" initial capacity. Request a Quote. Capacity range: 215

PowerSafe® C Batteries

PowerSafe® C Batteries. Engineered to meet the requirements of the power industry, PowerSafe® C batteries are available in two series: CA-M (antimony alloy) and CC-M (calcium alloy). Both series share several features, including thick grids to provide excellent rate performance and long life, and above-the-cell cover posts and connectors for

PowerSafe EC-M Battery Range Summary

Battery Range Summary Engineered to meet industrial requirements, the features inherent to the PowerSafe® EC-M battery make it one of the best in the market. The EC-M battery features specially designed PbCa plates, which demonstrate maximized performance in long discharge applications and reduce watering requirements. Extra
