# Energys battery U S Outlying Islands

## Overview

---

What types of batteries does EnerSys sell?

EnerSys is the global leader in batteries, chargers and accessories for motive, reserve, aerospace and defense applications. Industrial batteries. Forklift batteries.

Who is EnerSys?

About EnerSys EnerSys is the global leader in stored energy solutions for industrial applications and designs, manufactures, and distributes energy systems solutions and motive power batteries, specialty batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure solutions to customers worldwide.

Is EnerSys building a lithium-ion cell factory in South Carolina?

EnerSys, which makes and distributes batteries for electric forklifts among other things, plans to build a 500,000-square-foot lithium-ion cell factory in Greenville, South Carolina, its second in the state. The move comes as the Biden administration seeks to create a domestic supply chain for lithium-iron-phosphate cells.

Where is EnerSys developing a lithium-ion cell Gigafactory?

READING, Pa. -- (BUSINESS WIRE)--Feb. 14, 2024-- EnerSys (NYSE: ENS), the global leader in stored energy solutions for industrial applications, has announced that it has selected Greenville, South Carolina to develop a lithium-ion cell gigafactory to advance battery production in the United States.

Will EnerSys develop a lithium battery Gigafactory?

This latest development comes after EnerSys announced on June 14, 2023, that it had entered into a non-binding Memorandum of Understanding (MOU) with Verkor SAS, a European leader in battery technology, to explore the development of a lithium battery gigafactory in the United States.

## Why is EnerSys partnering with South Carolina & Greenville County?

With the support of South Carolina and Greenville County this factory will help us meet our customers' needs, including those with specific manufacturing requirements for domestic sourced batteries," said EnerSys President & CEO David M. Shaffer.
